Figures-Spokesman Clash at Country Club Hearings

In a tense and emotionally charged atmosphere, a large overflow crowd jammed the Community Room of the Antioch Savings and Loan on Friday, intent on seeing the demise of the Antioch Country Club development. They may have their wishes answered.

During a two hour session that was frequently gavelled to order by acting Chairman, Elza Gwaltney, the crowd heard testimony given before a hearing of the Lake County Zoning Board of Appeals. The hearing was called to review the Outline plan for the proposed planned unit development to be located on the site of the golf course.

The opposition lost some momentum when they learned that only the southern section of the project would be discussed, but they came loaded for bear and were

buoyed by the sight of leaflets on each empty chair attacking the development.

While the hearings were marred by several outbreaks, it was saved from bedlam by the patient but firm position of Gwaltney and the orderly presentation of contradictory "facts" by the opponents.

These persons testified using the aid of charts, graphs and prepared statements. The opposition viewpoints were called an "articulate presentation" by John Sloan, attorney for development owner Thomas Santino.

During the testimony, a parade of witnesses deftly trained their sights on the major articles at issue: school impact, density, sanitation, taxes and traffic congestion.

Mrs. Ellen Ruck presented a list of figures which indicated that school impact would be as

great or larger under a Planned Unit Development as it would be under a conventional housing project. The figures clashed noticeably with those presented previously by Sloan in an opening address, but the Zoning Board members gave no hint of their preference.

John Norris of Lake Villa noted that the density of the proposed project was "far in excess of the letter and the intent of the county P.U.D. ordinance. Morris' figures indicated that there would be 15.5 dwelling units per acre, three times more than the ordinance allows.

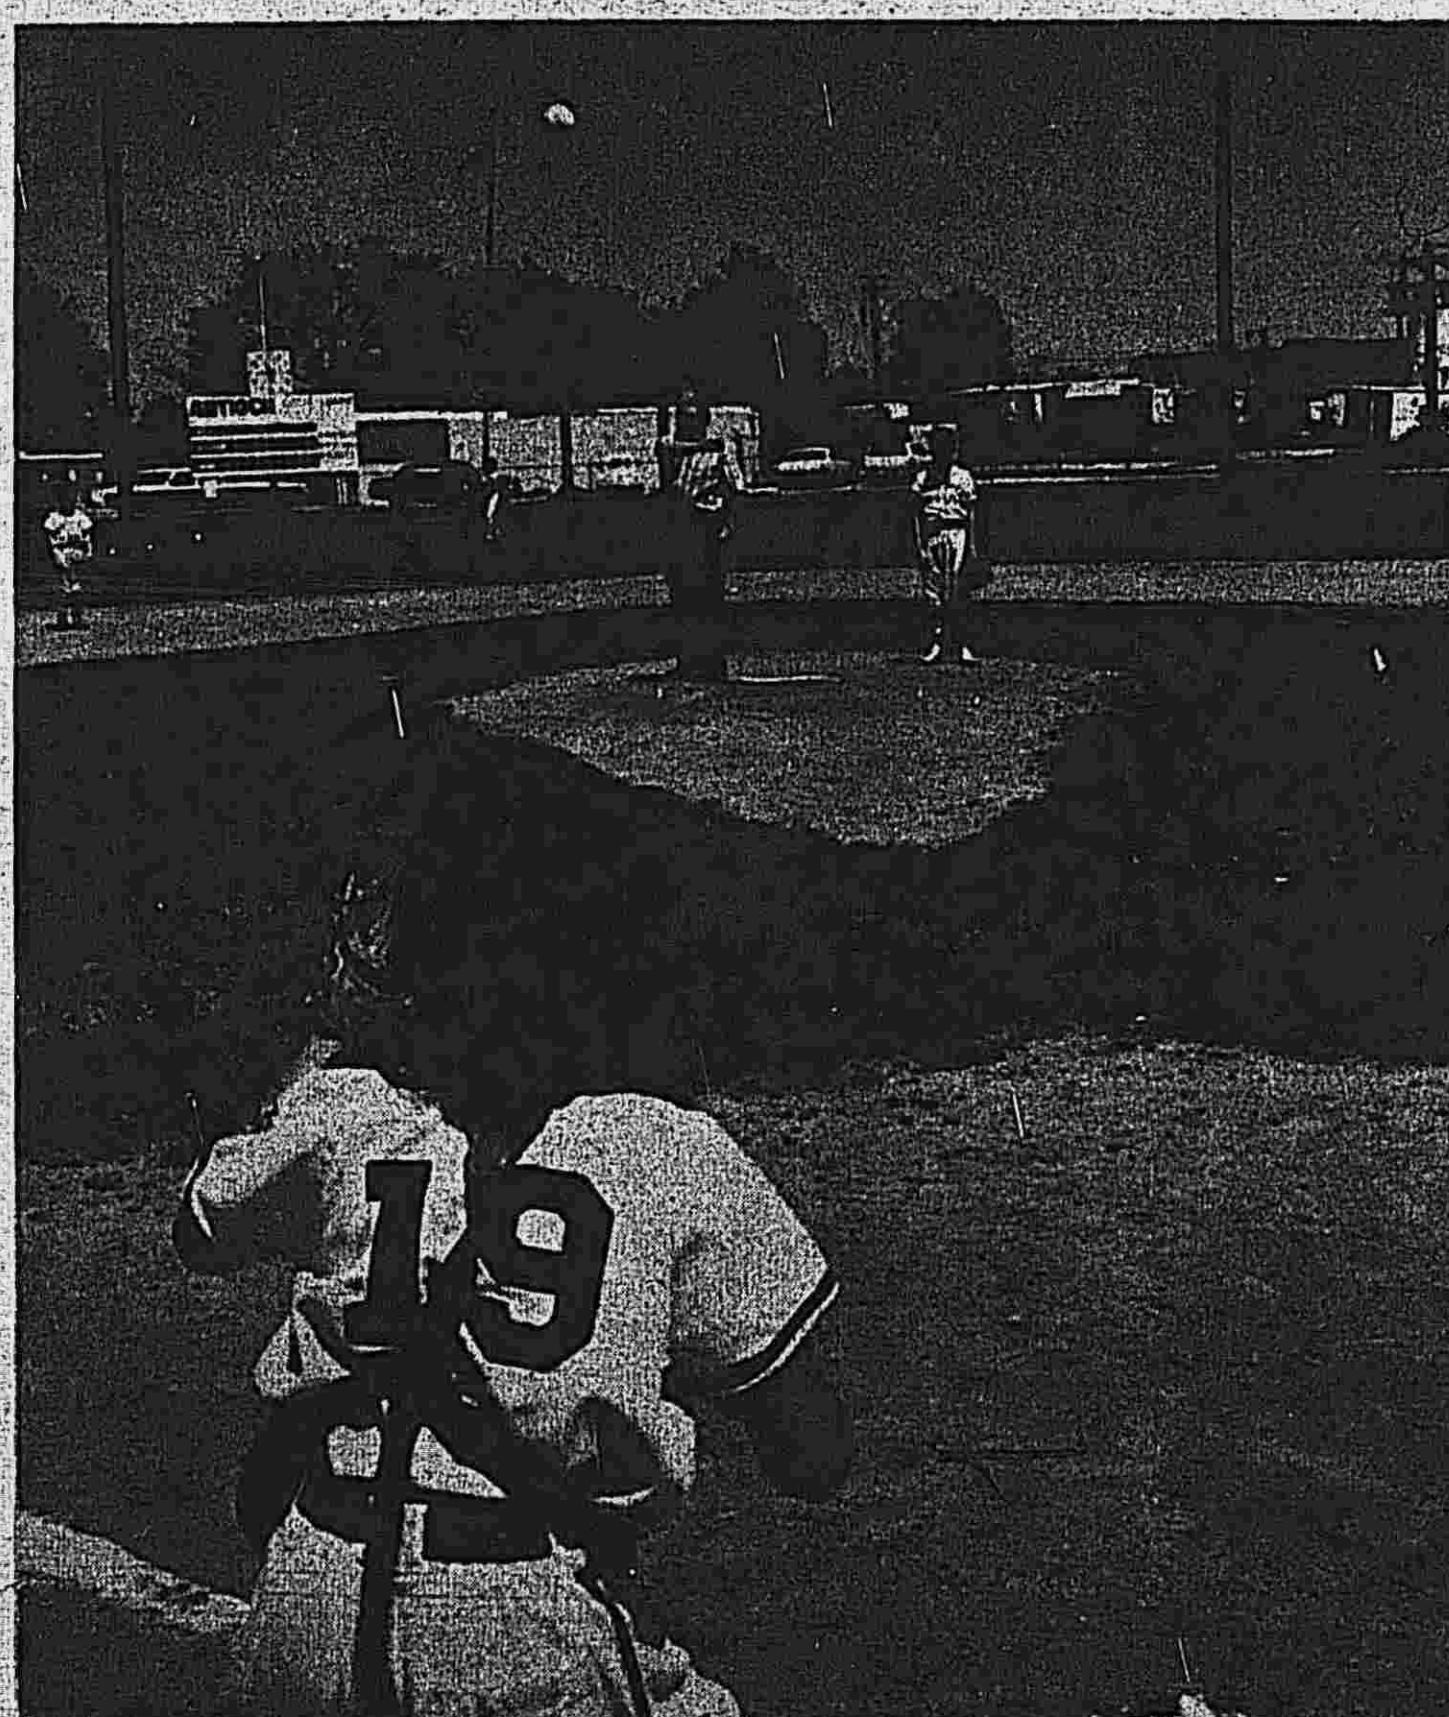

Frank Angelotti of Applied Engineering was greeted with jeers and calls of "conflict of interest" when he presented plans for the project's sanitation system. Angelotti, in addition to working for the

Polley Named Acting Superintendent

Warren Polley has been named the new Superintendent of the Antioch High School District by the District Board at their May 17th meeting. He will assume the duties of Superintendent effective June 1st.

Polley, the current Assistant Superintendent has been a member of the high school system for twenty-four years; eight as a teacher and sixteen as a member of the school administration.

Prior to 1956 he taught in the Business Department, coached sophomore basketball and served as Athletic Director. As an administrator he has been the Assistant Principal and Dean of Boys.

His experience in teaching has included stints in Central Illinois at Waynesville High School and Downs High School.

Polley received his baccalaureate from Illinois State University, his masters from the University of Illinois

and has done additional post graduate work in Educational Administration.

His wife, Mary Sorrenson Polley, is a Home Economics instructor at the Jack Benny Junior High School in Waukegan.

Open House for Supt. Dittman

On Sunday, June 4, from 2 p.m. to 3:30 p.m. in the High School Commons, there will be an open house in honor of retiring superintendent of the High School, Albert Dittman.

The open house is being arranged by the Board of Education and the High School staff. The organization committee consist of Betty Meyer, Diane Busch, Ken Smouse and Warren Polley.

The public is welcome to this open house which is being held just prior to commencement.

MEMORIAL DAY PLANS FINALIZED

Antioch will commemorate Memorial Day, May 29th in a traditional manner with a parade and program of speeches and band music.

The day's events will commence at 9:30 a.m. in the Antioch High School parking lot with the assembly of the parade. At 10:30 the parade will file north on Main Street for an 11:00 program to be held at the Memorial Park located at the corner of Broadway and Orchard Streets.

Master of Ceremonies will be John L. Horan, State Historian of the American Legion.

The program will feature a Memorial Day Address by William Brook, a community welcome from Antioch Mayor Raymond Toft and rituals inherently connected with a Memorial Day observance.

In addition to speeches, the program will be highlighted by the introduction of Gold Star Mothers, brief comments from the heads of patriotic organizations, a salute from the American Legion Post No. 748 honor-squad and the blowing of taps.

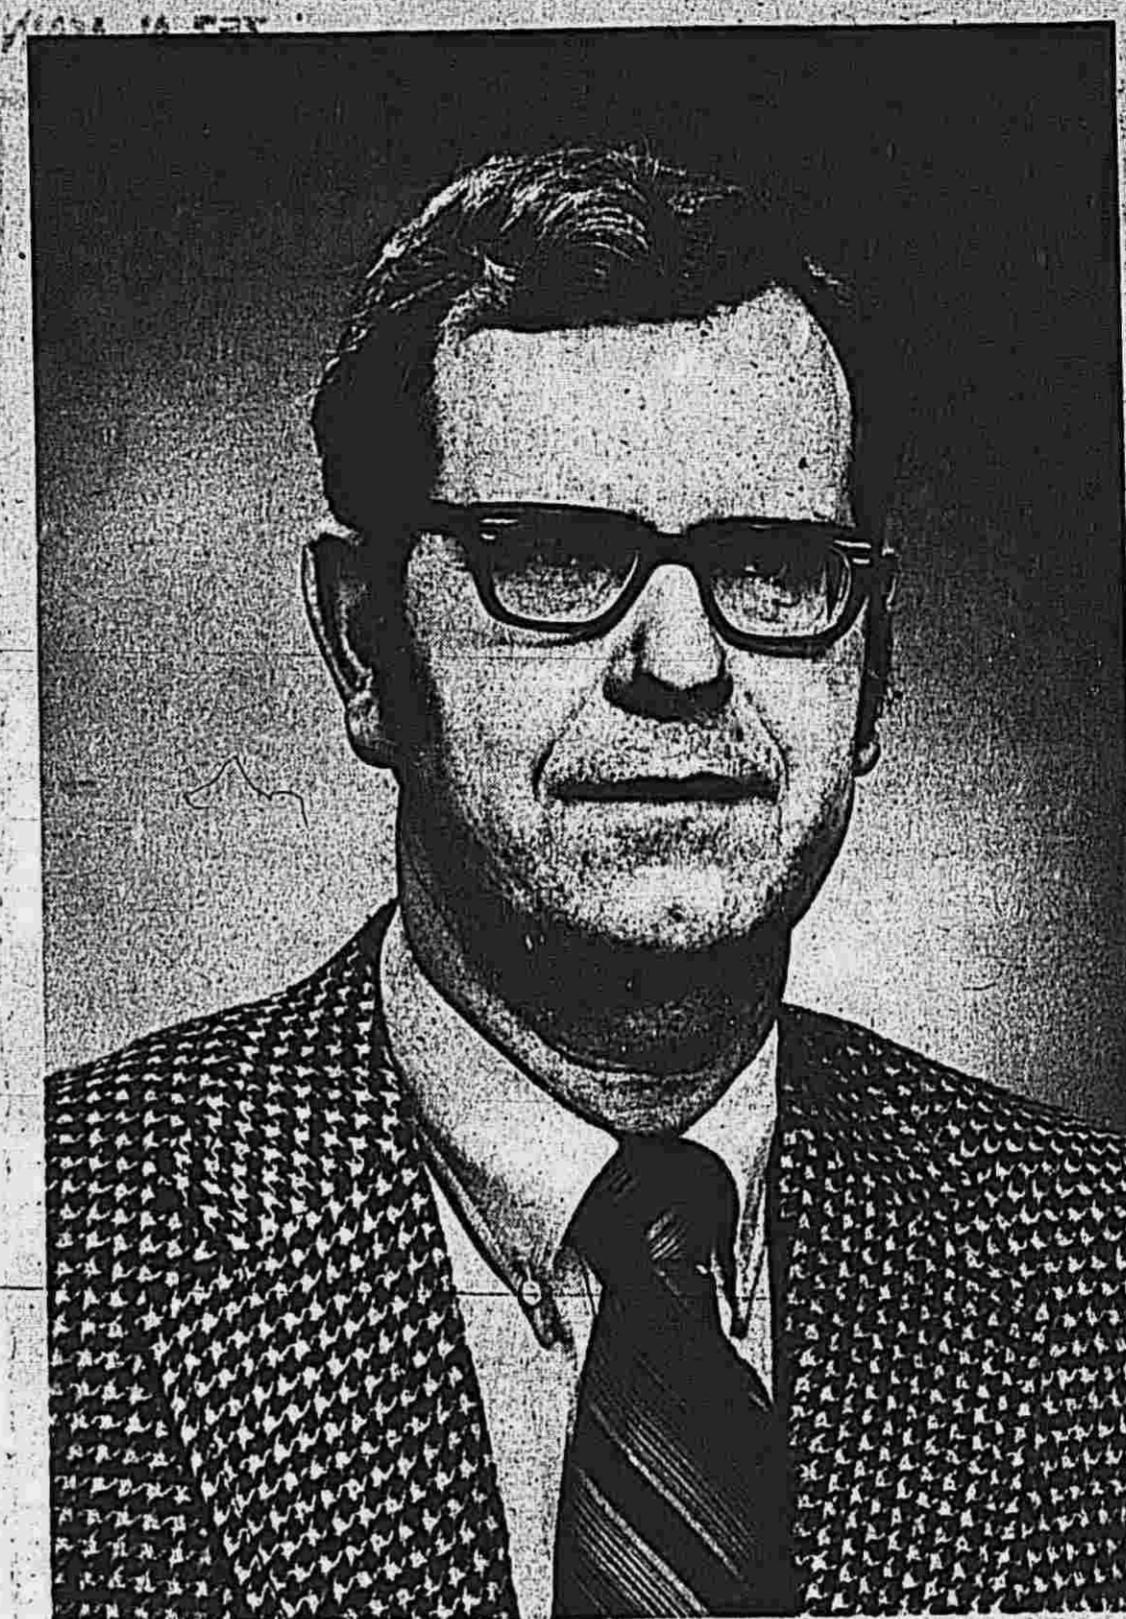

Village Raps PUD

Appearing below is an authentic duplicate of the letter sent by the Antioch Village Board to the Lake County Zoning Board of Appeals in regard to the proposed planned unit development on the site of the Antioch Country Club.

Dear Mrs. Stern:
The Village of Antioch has been notified that a petition has been filed by Thomas F. Santino requesting the issuance of a conditional use permit for a "Planned Unit Development" on the Antioch Country Club property under Lake County Ordinance adopted January 11, 1972. It is our understanding that the Village of Antioch is located within one-and-one-half miles of said proposed development, thereby giving the Village the right to object to the approval of said proposed development plan by the Lake County Planning Commission, the Lake County Zoning Board of Appeals and the Lake County Board.

At a regular meeting of the Board of Trustees, a motion was made, seconded and unanimously carried that the Village of Antioch file its written objection to the issuance of said conditional use permit. Therefore, on behalf of the Village of Antioch, I do hereby file its written objection to said Planned Unit Development on the grounds that the density and character of the proposed development will adversely affect a unified and orderly land use development process in and around the Village of Antioch.

I do further request that this objection be placed on file and be considered in connection with the above petition, and that our attorneys, Jacobs & Clark, 425 Lake Street, Antioch, Illinois, be notified of any private or public hearings held in connection with this proposed development.

WARREN POLLEY

Con't from Page 1

The Polleys have four children: two girls and two boys. Eldest daughter Janet, is the wife of Joseph Kennedy and an English teacher at North Chicago High School. Susan is a Home Economics teacher at Conant High School in Palatine and is married to Clyde Sinters. Sons include Michael, who will be a June graduate of Knox College, and James, a sophomore at Coe College in Cedar Rapids, Iowa.

CONCERNING THE REFERENDUM

This letter is not from an individual but from a group of taxpayers in Antioch. We met and agreed to send this letter to your paper. Everything in this letter is written with the full agreement of all of us.

We taxpayers feel it is only fair to let the School Board Referendum know that we have banded together to continue to vote down this school tax and that it would be better for them to save the money that it costs to run these Referendums. The tax payers in Antioch and Lake County have had it. Our taxes have increased to such an extent that we simply have to do it. After all what do we tax payers get for our taxes and all the increases that we have had over the years - nothing. We have our own septic tanks, our own wells, pay for our garbage removal, and those of us who are on private roads maintain them up to the highway and pay for the snow removal on these roads.

The Rescue Squad needed some money for some new equipment. If it had not been for the Antioch Lions Club and their generous contribution they would have been unable to buy it. They did not get the money from the County.

Just as we tax payers have had to economize to pay our increases in taxes so will the School Board have to learn to economize.

Perhaps it also is the fault of us property owners that we did not protest sooner, especially when we see the waste of money in the Upper Grade School. There is a lot of waste of space there, which cost money to build and now to heat.

Expensive equipment which even some of the more affluent suburbs manage to do without. Not only was the original cost exorbitant, but the maintenance of same is very great.

Even our children do they really appreciate all this? Perhaps the time has come when they should contribute something. Then we would not have so much destruction and vandalism, which also is costing the schools and the property owners a lot of unnecessary expense every year.

A few years ago the Antioch Garden Club planted shrubs and flowers in large flower pots along Main St. and Lake St. in Antioch. Some of the women worked hard to plant these flowers. Gave of their own time and effort. Was it appreciated? In a very short time everything was destroyed. It looked nice only for a short time. What a shame. Also at the Scout Home the Antioch Garden Club planted shrubs etc. Look at it now. The whole building is a disgrace.

This generation of children have more opportunity and have had more done for them than any other generation ever had. But the time has come when they should do something for themselves. If they at all appreciate the

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

sacrifice that the tax payer, which includes their parents have made for them. Let them help the School Board maintain the school and cut down some of the cost. And less destruction and vandalism. Life will not always be wine and roses even for them. We may be doing them a greater favor by starting the day of reckoning now.

These increases in taxes are hard on those of us who still are employed, but think of what a burden it is on the older folks who bought a home out here for their old age and are living on a small income and social security. How much longer can they absorb these increases?

The School Board will have to economize and even save the money that these Referendums cost and learn a lesson not to spend the tax money before they have it. So now how they do it is their problem. Perhaps a few good lessons in old fashioned arithmetic will help.

Name withheld
on request

AND

Sirs:

There is another side to the story besides Dr. Barnes' for having all the extra-curricular activities and I would like to present it.

First, we all don't happen to be doctors or lawyers with their high income but ordinary run-of-the-mill employees and just can't afford the increasingly high and higher taxes being imposed on us. In the fifteen years since I've moved out here taxes have tripled, without any great improvements being made on our property.

Secondly, why can't the people who take these music lessons, golf, bowling, whatever pay for this privilege. Years ago parents expected to assume these costs and did so.

We looked forward to our retirement years (which are still a few years off) but the situation seems to guarantee that we will not be able to spend these years here but will have to look for another section of the country where taxes are more reasonable.

One more thought I do think when a referendum has been defeated it should not be brought up for another vote for at least one full year. This constant chasing to the polls is only another way to try to get an approval even if it is only through people becoming unable to keep going to the polls.

Mrs. Dolores Marchini

Antioch News

395-5554

and Senate passage is not expected until late in June. Meanwhile, the House Judiciary Committee may take the lead and schedule hearings on an identical House measure.

Both of these approaches would permit final passage of the Crime Victim Bill before the 92nd Congress adjourns.

EDITORIAL

Distrust

When distrust and skepticism work their negative way into a relationship the difficult balance of years of well founded faith is tilted with the result that an end to general confidence is well within sight.

This sort of cause and effect theory exists on all levels and skips few of us in the course of a normal lifetime.

This same sort of analogy is currently at work here in Antioch, as recent events have glaringly brought out.

The calm and peace have been shattered as Teachers and Administrators, School Boards and taxpayers, developers and the public or, in short any two groups holding differing viewpoints clash. While conflict is inherent in our society, the almost total lack of confidence and willingness to mediate has led us to the unenviable position of deciding all our issues on a negative note.

The conflicts mentioned above have not been settled by amicable discussion, but by concerted negativism.

Where this leads us is along the road toward physical as well as moral stagnation instead of towards a rational compromise solution.

A continuation of this mood of distrust will assure us a continuation of the fruits of its labors - nothing.

SCHOOL YEAR ENDS

Very shortly, American life will undergo a characteristic seasonal alteration. The closing of school will mark its equinox just as surely as the passing of the sun across a fixed line separates Winter from Spring. With the closing of school, the trek of summer tourism will get underway - another awesome demonstration of U.S. mobility. The responsibility of summer jobs for students will do little to lessen the rush to enjoy the freedom of what remains of the wide open spaces. Incalculable numbers of boats, campers, autos and every conceivable type of motorized vehicle will be on the move. Perhaps a sign of the times will be the increasing flood of bicycle excursionists.

As school vacation time approaches, so also will a test of how genuine is public concern for the environment. Now is the time to resolve to avoid littering - to respect the land and its wildlife. If each individual would carry this resolve with him through the summer, a giant step would have been taken toward preserving our planet as a fit place to live.

Victims of violent crimes are estimated to affect some thousand families each year. While an occasional recovery is made through a common law court action, most crime victims are left without any adequate remedy.

Insofar as injuries and death experienced by public safety officers, statistics disclose that more than 100 law enforcement officers were killed by felonious criminal action last year. In addition, hundreds of firefighters were injured during civil disorders.

While the principal Senate sponsor of the Crime Victim Bill now pending before the Senate Judiciary Committee is Senator John L. McClellan, both Senator Mike Mansfield and Senator Hugh Scott, the respective Democratic and Republican leaders, are also listed as sponsors. Hearings on the measure are yet to be held,

FIGURES — SPOKESMEN CLASH AT COUNTRY CLUB HEARINGS

Con't from Page 1

developer is also the city engineer for the Village of Antioch, which drafted a resolution opposing the project.

Angelotti said that a sewage plant would be installed in the southwest corner of the development and effluent from it would be used to "water the golf course during the summer months." Later under questioning from the audience he acknowledged that the effluent would contain phosphates. The proposed plant, however, has been tentatively approved by the County Planning Commission and Health Department.

Richard Bolt of Petite Lake challenged that within five to eight years the development would be using 21 percent of the available water.

He also termed the treatment plant "slipshod" and noted that when sanitation storage ponds are full, a heavy rain could cause them to flood the site and make it a "disaster area." Later, local residents murmured their disbelief when Robert Gossman, a planner and spokesman for the owner predicted lower school enrollment under a P.U.D. than under a tract home set-up.

Further along in the hearing Bolt refuted the claim by listing a land survey that indicated 20% of the acreage was unsuitable for single family homes. He charged that the

developers were "less than honest in their preliminary plans."

Norris said figures from a survey he undertook showed that the development would have an adverse effect on traffic flow. He said that whereas it takes 16 seconds to clear the intersection of Grass Lake Road and Rte 59 now, the addition of 4,000 additional persons would have traffic backed up for miles.

In addition to the voluminous testimony given, two village boards (Antioch and Lake Villa), six school boards and two - inch thick lists of petitions were filed opposing the plan.

A spokesman for the Lake County Plan Commission said that Santino had verbally agreed to a list of proposed modifications on Wednesday, May 17th, prior to the hearings. They would include the redesign of play areas, addition of a park and/or school site, reduction in the number of traffic openings on Route 59 and provision for an emergency vehicle access system.

Santino also agreed to a re-evaluation of building numbers and positioning, the need for a church site, controls on traffic flow, and relocation of the proposed marina and clubhouse to conform with set back requirements.

Zoning Board members

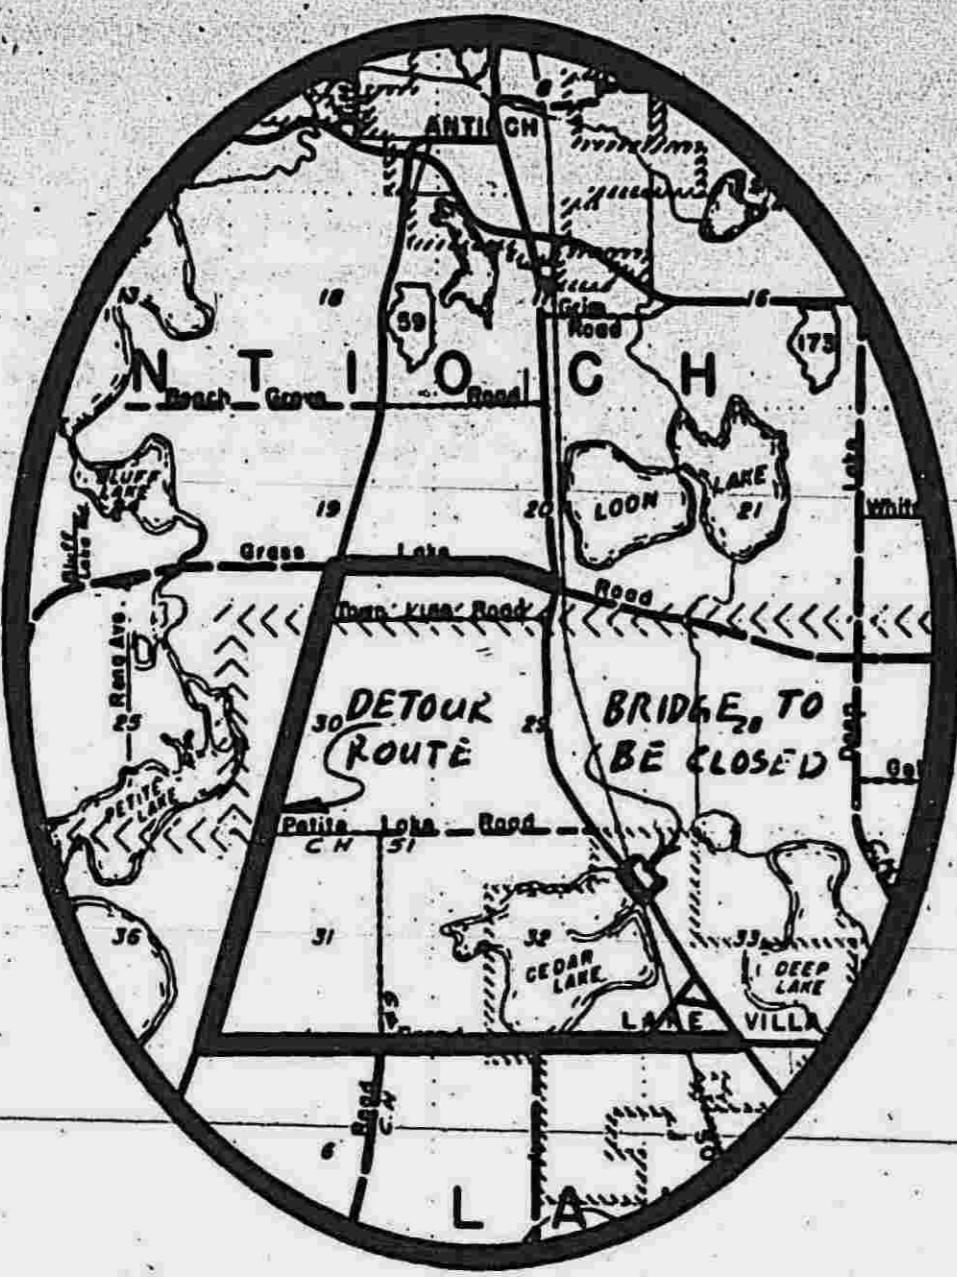

agree that the proposal would require intense study and may not come up for recommendation until their June 27th or July 25th meeting dates.

Following their rejection or approval, the measure would go before the Lake County Board for a vote. Sources indicated that failing to pass the board, the developer Thomas Santino might request a court trial.

CARNIVALS AGAINST DYSTROPHY

Summertime is funtime. Time to laugh, time to play. Muscular Dystrophy Associations of America have a plan to provide children with some fun . . . and at the same time benefit those who have a difficult time laughing and playing . . . those afflicted with muscular dystrophy. We are sponsoring a program called "Carnivals Against Dystrophy", mini fund raising events held in the backyards of different neighborhoods. Children plan a few events, ask their friends to come over with their pennies, nickels, and dimes to participate in helping those less fortunate.

Last year the children in metropolitan Chicago raised in excess of \$50,000 through these carnivals.

Announce Bridge Closing

The Route 83 Bridge over the Soo Line Railroad will be closed to all traffic for approximately 2 weeks. As of this date, the contractor, Englehardt, Inc., has requested

the closure of the bridge to start on May 31, 1972.

The accompanying map indicates the detour, which has been approved by the Illinois Department of Transportation.

Murrie Doubts Country Club Passage

Lloyd Murrie, Antioch Township Supervisor and member of the Lake County Board, said he sees little chance for the Antioch Country Club project to pass the Board.

"I am definitely against it," he said. "I can't speak for the entire Board, but since the opposition needs only eight or nine negative votes out of twenty-five to block it, I don't see any way it could pass."

Murrie said that a three quarters majority vote of board members would be required for passage due to protests filed by adjacent land owners and a resolution of opposition from the Village of Antioch.

Normally, only a simple majority vote would be needed if the Zoning Board of Appeals gave their approval. If the group rejected the plan, the vote would be increased to a three-fifths majority. Insiders see the three-fourths vote as nearly insurmountable.

Murrie said he thought Thomas Santino, the Country Club developer, might resort to court action should the county turn him down. "It's only natural," Murrie said. "He has an awful lot of money sunk into the project and like any businessman he wants a return."

The veteran county lawmaker observed that the Zoning Board of Appeals might require several months of study before they could return their recommendations.

"The people in opposition really did a splendid job of research. Hearings like the one held Friday can easily turn into shouting matches if they're not handled right. But this group really planned it well and held a very orderly meeting."

Murrie said that Santino would have to settle with the schools. "They're the ones who are being hard hit." He noted that he thought the \$100 payment for each additional bedroom after the first in each unit "just wasn't enough."

A FULL SERVICE BANK®

State Bank of Antioch

FDIC

by Gigi Spittle

What beautiful weather! I love seeing the burnt faces, happy smiles and swim gear! Since I am in such a "summery" mood, I thought this week I would ask: **WHAT GREAT THINGS WOULD YOU LIKE TO SEE HAPPEN THIS SUMMER? (personal or general)**

MR. EARL SORENSEN, of Antioch, replied with an answer everyone would like to see happen to themselves, namely, "I would like to inherit a million dollars."

VIOLET COBBS, of Antioch, replied, "I would like to see peace. I would also like to have people be a little bit cleaner when they are on picnics and such. They should clean up after they make a mess. People should also learn the right way to put out campfires."

MR. WILLIAM HAGSTROM, of Antioch, stated plainly, "I would like to see our lakes getting cleaned up."

MRS. MARGIE MILLS, of Antioch, answered, "The Grade School Referendum should be straightened out. All the subjects that were dropped are going to hurt kids in the long run. The mile and a half pick up deal is for the birds as far as I am concerned."

MRS. A. PERTLE, of Antioch, said, "I would like the war to end, but I want a winning war. This business of ending the war and lose everything, I don't want that. I think our boys over there should get good war materials, not the junk they send them. I read recently in a magazine that a lot of machinery does not work and a lot of materials tested for the war aren't tested long enough to be safe. Millions of dollars are thrown away. How can our boys

protect themselves?"

MR. JERRY PANKAUSKAS, of Antioch, emphasized, "I would like to see more Police protection. Like out in the county and in Antioch. Especially out in the county because there is a lot of vandalism, night burglaries, mailboxes getting run down, etc. On the Vietnam war, I agree with what President Nixon did, and second, it should have been done eight years ago. I do admit the U.S. made a mistake to begin with. When I was over there, there were rules that stated what you could do and what you couldn't do. What it all boiled down to was you couldn't shoot at the enemy until he shot at you first. I got out of the service in '70 and I tried to get a job when I came back and it was ridiculous. The veteran now is kind of bitter. I know I

just burnt me up because I decided to stand and to do what I was told instead of splitting and going to another country. And where did it get me? Who appreciates it? I am not looking for a handout. It is was when I got out. I ambled from job to job until I got what I wanted. "You are a veteran, so what? You were just over there playing a crap game, "is the employers attitude. It is not self-pity. It is unbelievable the money that is wasted over there. Millions of dollars."

This last man got a little bit away from my question, but he was extremely interesting to talk to. I am going to have an exclusive interview with him in a future column of **SPEAK OUT**.

Peace till next week.

Gigi

Remember When?

Remember when? We don't, but maybe some of you do. It is Antioch or the people from Antioch. For the next few weeks we will publish a photo from a time long past in hopes for some it might spark a fond memory.

If you should happen to know when and where, let us know! We are sure many would be interested. Also if any of you have a very interesting "remember when" photo of Antioch and would like to share a memory or two with others, we will try to print it for you.

The Time Machine

70 YEARS AGO - MAY 22, 1902

Mrs. P.B. Campbell will give a grand May party in the Antioch opera house Wednesday evening, May 28, 1902. It is customary at all May parties to crown the most popular lady May queen. Dance tickets \$75; supper tickets \$25. Floor Committee Fred Shotiloff, Ed Martin, and Clarence Doolittle.

AD:

Muslin underwear, sun bonnets, girls' sun hats, petticoats, silk gloves and mitts, ladies' collars, ladies' wrappers. The prices on these will attract and the quality satisfy."

NOTE: In this issue, dated Thursday, May 12, 1902 we found this item - "Born to Mr. and Mrs. Alex Hanlan, on Thursday, May 15, a son."

50 YEARS AGO - MAY 25, 1922

"Fred Sorenson has moved into the John Darby house on Park Street."

SCHOOL NOTE: "The girls have a tendency to keep their feet off the floor because in Spring a mouse's fancy lightly turns to roaming."

35 YEARS AGO - MAY 27, 1937

"Saturday will be Poppy Day in Antioch and in thousands of other cities and towns throughout the U.S. millions of bright red poppies will be worn in America's annual tribute to the World War dead."

"Rev. L.V. Sitler officiated at the christening ceremony of Ruth Stearns, month old daughter of Mr. and Mrs. William Kufalk."

The four upper grades at the Antioch Grade School set off in gay spirits Thursday to be guests of the Chicago Cubs at Wrigley Field."

25 YEARS AGO - MAY 22, 1947

"President George B. Bartlett of the village board is among Lake County mayors informally invited to attend the dedication of the Farnsworth GI housing project at Great Lakes June 7."

"Webbs Racket store, owned by the Webb family since 1909, has been sold to Mr. and Mrs. Donald B. Gibbs. The variety store was built in November 1909 by the father of the present owner, who with Mrs. Webb, was a pioneer settler of Antioch."

10 YEARS AGO - MAY 24, 1962

"Robert Krieger and Jane Lassen have been selected as the outstanding senior boy and girl at the Antioch High School."

"Warren Polley, Assistant Superintendent of Antioch Township High School has been appointed to membership in the Visitation and College Day Committee of the Illinois Association of Secondary School Principals for 1962."

"Parents Key to Referendum" - Polley

Plans for Antioch High School's Education Rate referendum are proceeding "in good order" according to Warren Polley, newly named District 117 superintendent.

Polley noted that committees set up for the last referendum have already been reactivated. Each will soon be engaged in its particular area, while the Transportation and Communications committees will be reactivated at a later time.

According to Polley, students are the most active

group at present. Student committees have been set up and are working in conjunction with the Student Council and the Student Executive Board.

"They're working hard to get their parents involved," Polley said. "This is the group that will decide the issue. If we can mobilize the parents behind us, we have a good chance for passage."

Hello,

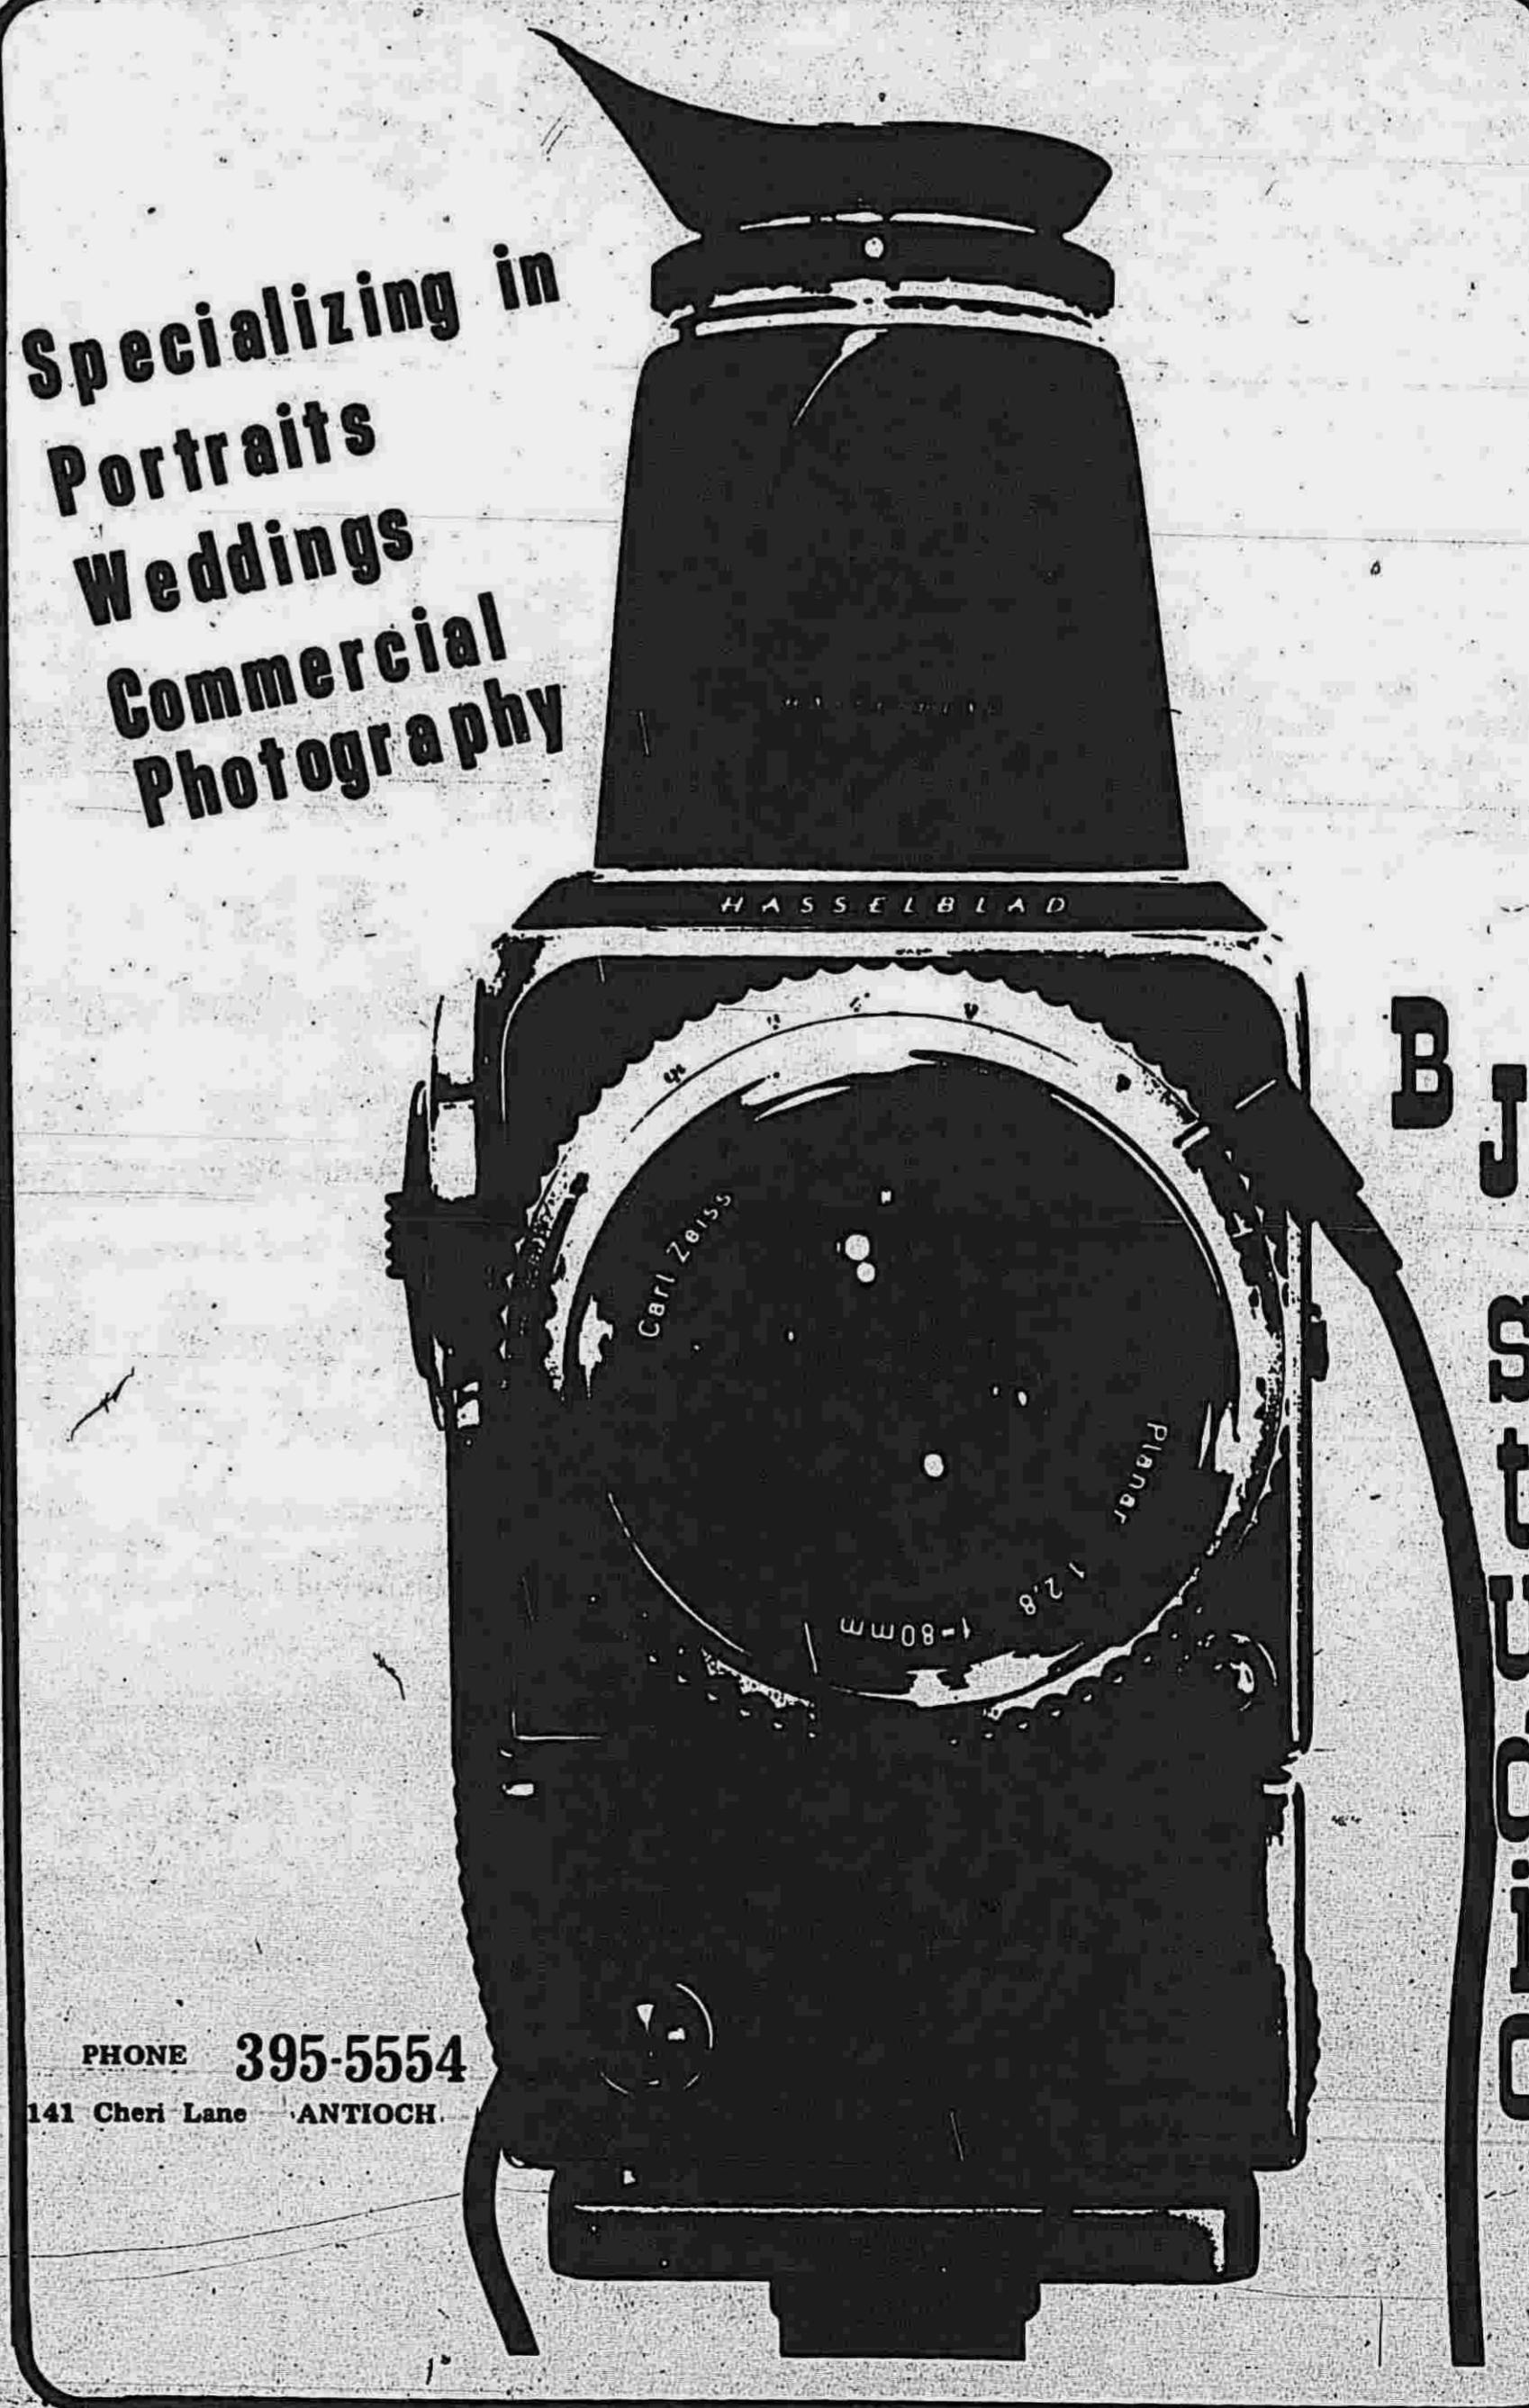

Regarding the "Remember When" picture - This one I know, it is Les Crandell and his crew of men, who my husband helped on Sundays, making ice on Channel Lake and Lake Catherine. It was in the early twenties, as my children were

in Grade School. After church and Sunday School we would walk from Shady Nook to watch the ice cutting.

The man with his back toward us looks like Les, we all loved him.

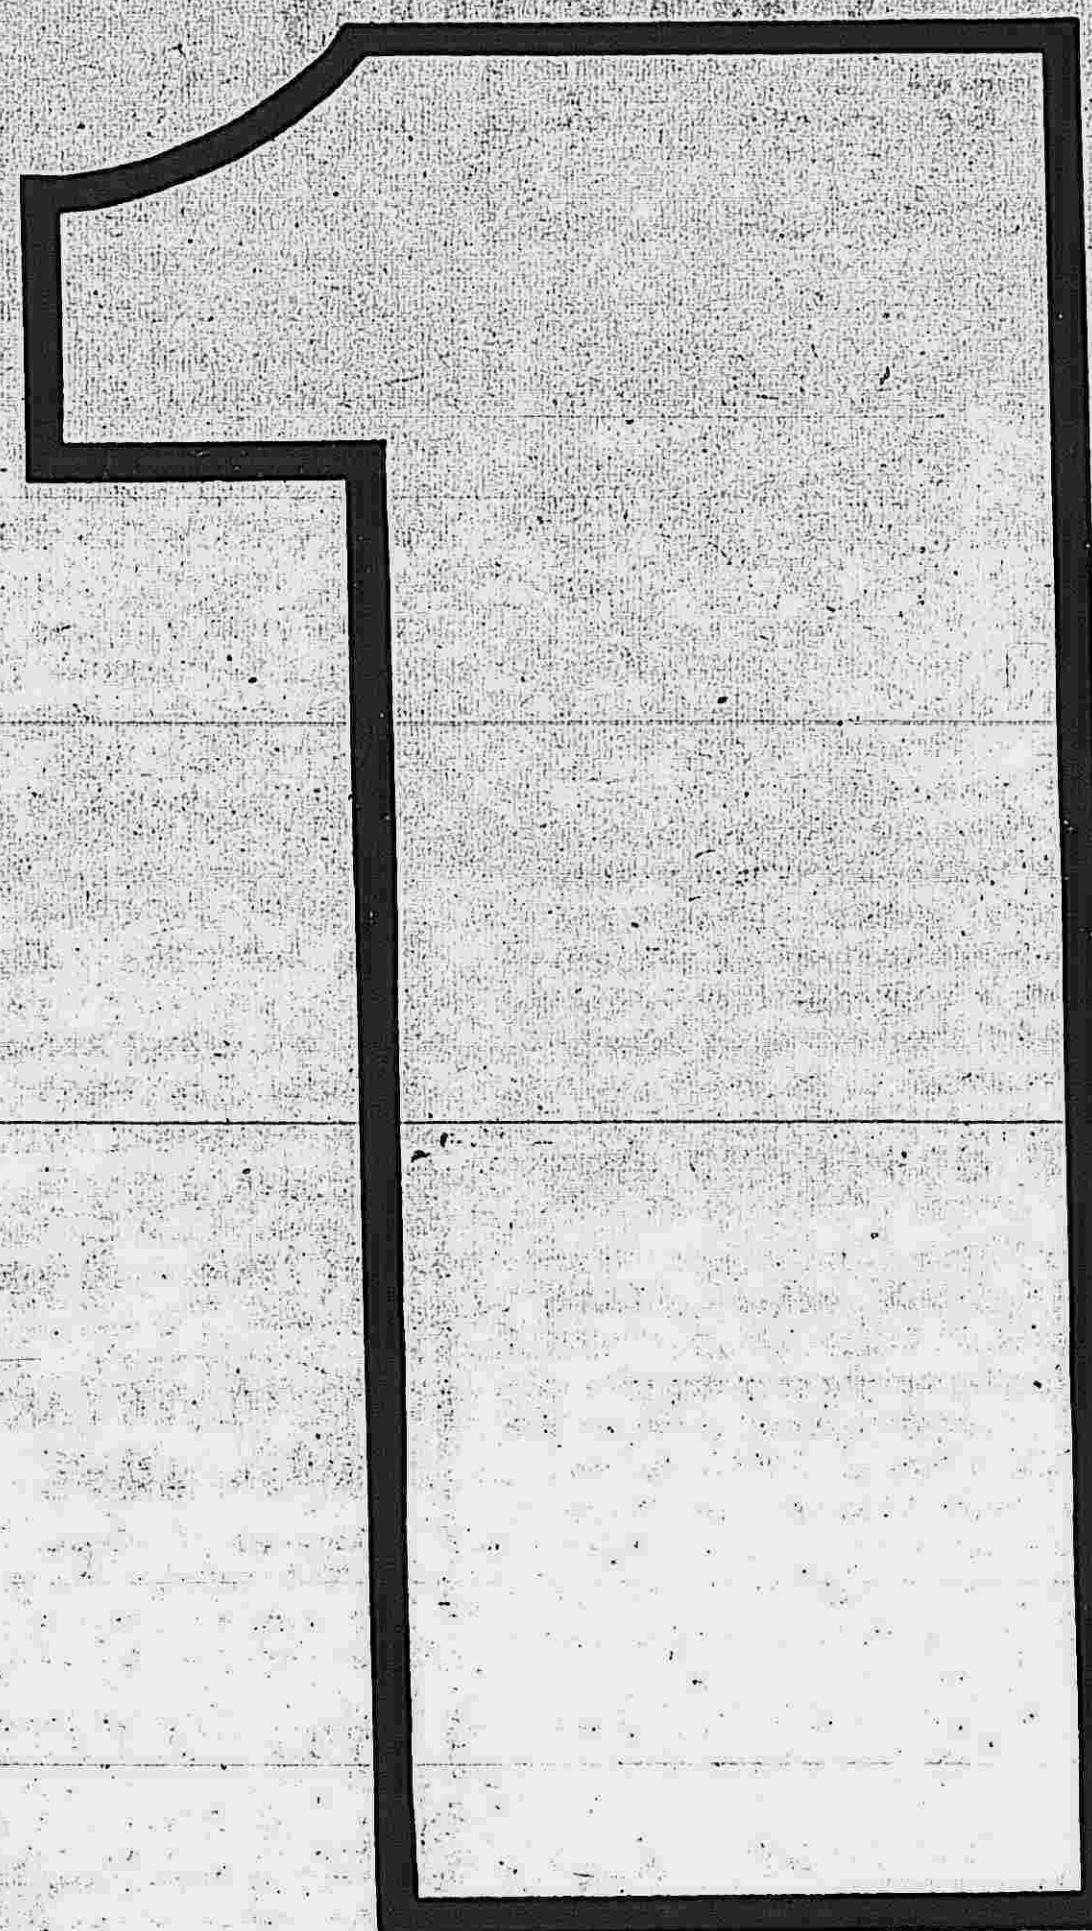

Yours truly,
Elsie Pape

BUCK-DRIJE ENGAGEMENT TOLD

Julie Ann Buck, daughter of the late Mr. and Mrs. Charles G. Buck of 202 Davis, Bloomington, Illinois, has become engaged to Mr. Gregg R. Drije, son of Mr. and Mrs. Roger A. Drije of Lake Marie, Antioch.

Julie attended Monmouth College, Monmouth, Illinois, for two years where she was affiliated with Kappa Delta Social Sorority. She will graduate from Illinois State University in June with a major in elementary education.

Gregg will graduate in June from Monmouth College, with a major in mathematics and economics. He was affiliated

with Theta Chi Social Fraternity.

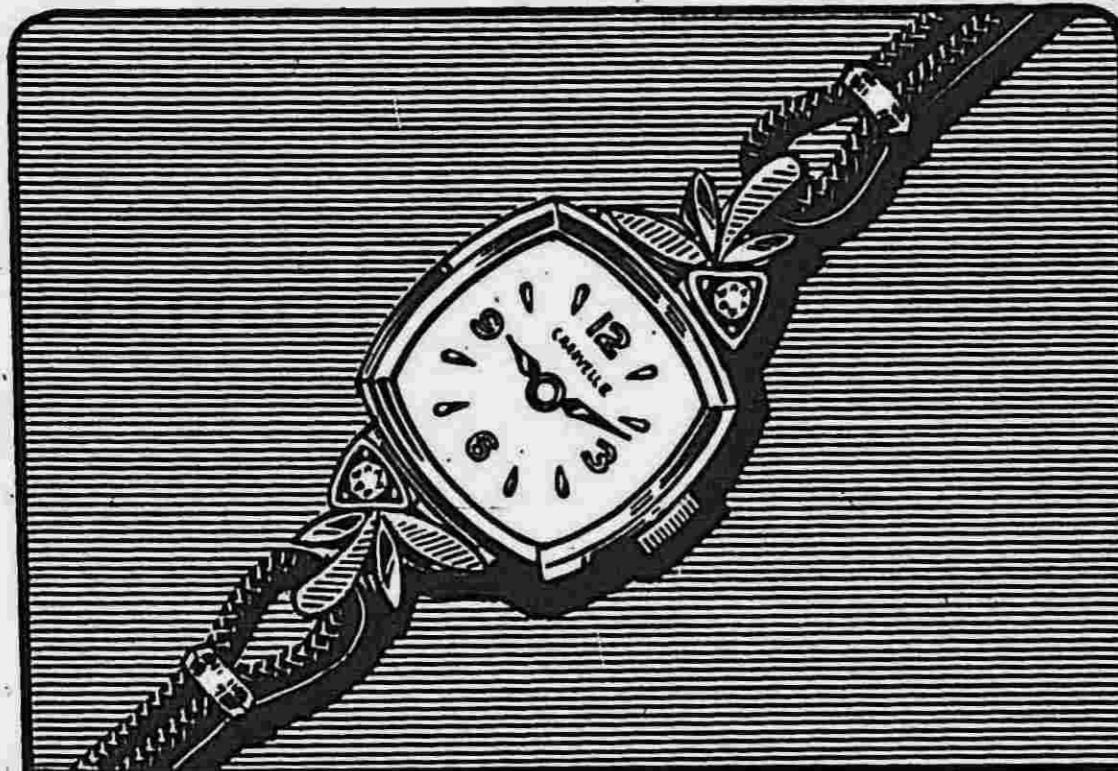

An August 19th wedding date has been set.

GRASS LAKE

PTA FUN FAIR

The Grass Lake Grade School PTA is sponsoring a PTA Fun Fair on June 4th from 2-6 p.m.

If the weather permits, it will be held on the school grounds with game booths, pony rides and refreshments. In case of inclement weather, it will be in the school.

Welcome Wagon Newcomers Club Has New Officers

Congratulations and success to the new officers of the Antioch Welcome Wagon Newcomers' Club. Installation was held at the Club's Spring Banquet, Saturday, May 20th, at the Angels Restaurant.

The lovely ceremony was officiated by Eileen Jensen and Helen DeVries of the Welcome Wagon organization. Each of the following officers lit a candle: President, Lois Matthews; First Vice President,

Pam Hill; Second Vice President, Yvonne Dyer; Recording Sec'y, Evelyn Kresanek; Corresponding Sec'y, Evelyn LaFata; Treasurer, Susan Albrecht. The ladies certainly looked lovely by candlelight.

Reverend and Mrs. Cobb of the Methodist Church were special guests. Officers and members enjoyed a fine menu and a congenial time, which made the evening a special occasion.

Mrs. Brook To Head Doughnut Day

Mrs. William Brook, P.O. Box 369, Antioch, will serve as Chairman for The Salvation Army's Doughnut Day, Friday, June 9th. The Antioch Woman's Club has adopted Doughnut Day as an official club project and will assist in tagging activities. The Local Goal is \$500.00.

Over 9,000 volunteers will sell familiar paper doughnut tags on street corners in Chicago and 135 suburban communities in the surrounding seven-county area. The income goal for the 1972 Doughnut Day is \$195,000. The funds will help benefit the anticipated 210,000 men, women and children in the area who will be helped during 1972 through the social welfare services provided by The Salvation Army.

Through the 46 institutions, departments and neighborhood centers of The Salvation Army, a multitude of services are provided each year to people in need. These religious and social service programs include casework and counseling for families and individuals; a homemaker service to prevent family disintegration during problem periods; an emergency lodge for victims of personal and community disasters; a day care center for the children of working mothers; an outstanding rehabilitation program for alcoholics which offers religious, medical psychological and material support in the process of returning these men to society; emergency canteens at disaster sites; work therapy programs for the handicapped and homeless; a home and hospital for unwed mothers, children and senior citizens; a dental clinic for people of substandard income weekly

religious meetings; and numerous other activities which bring comfort and direction to those in need.

Tagging activities on June 9 will begin at 6:00 a.m. and extend through the early evening hours. This is the 34th consecutive year for Doughnut Day in the Chicagoland area and Chicago is the only metropolitan area where Doughnut Day is conducted.

Women's Golf League Begins

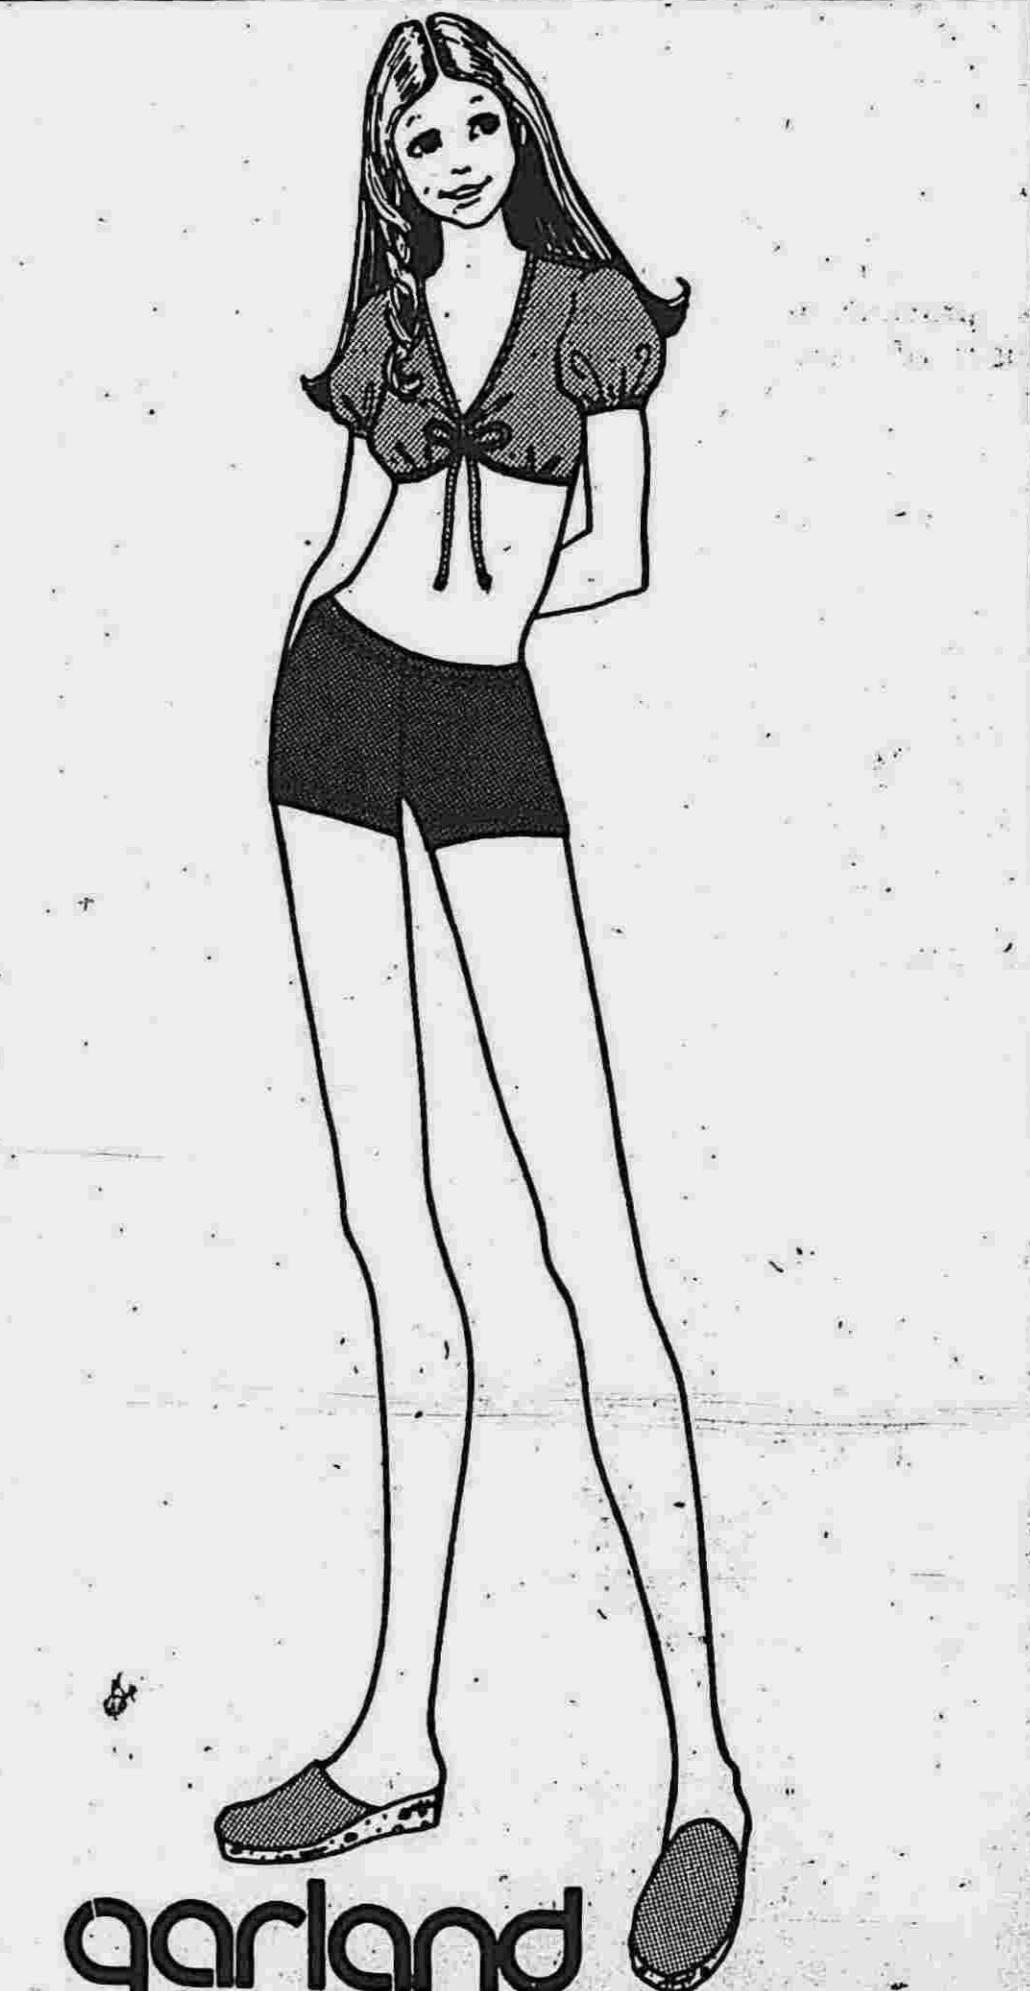

The Antioch Women's Golf League sponsored by the State Bank of Antioch held their first meeting on May 9th with coffee and rolls at the Antioch Country Club. Approximately 40 ladies attended and all were enthusiastic about the starting day of June 6. Members of the League are to meet at the Antioch Country Club at 8:30 a.m. on June 6th. All new members must play one nine hole game and turn in their score at the pro shop so handicaps can be figured.

Officers for the coming year are:

President - Irene Hahn
Vice President - Phyllis Bucar
Secretary - Carol Anderson
Treasurer - Kay Costoff
Banquet Chairmen - Frances LaPlant and Betty Mentone
Two members of the board are Sara Fields and Mary Cunningham.

LITTLE SILVER LAKE ASSOC MEETS

The first meeting this year of the Little Silver Lake Improvement Association will be held Sunday afternoon, May 28th, 1972 at the Community Park. All members are urged to attend.

OR last minute
happenings.

The above girls: (l to r front row) Wendy, Walker, Marjorie Walsh, Dee McCarthy, Sue Tragaz, Kim Lock, Marlene Muehnickel, Donna Curtis, Karen Allen, Mary Muehnickel, Virginia Toal, and Carrie Staranowicz. (back row) Jennifer Brozie, Karen Pape, Marge Allen, Janet Galiger, Dawn Walker, and Dawn Smith; are students of Alyce Brownlee at Shea's Studio in Lake Villa and also members of "Shea's Hi-Steppers" parade and show unit of Waukegan. The entire unit consists of 40 girls from various other towns.

They will be competing individually this Saturday, May 27th in the open solo contest in conjunction with the "Miss Majorette of Great Lakes" Contest to be held at Waukegan High School - East Campus. This event is open to the public.

Sunday, May 28th they have been invited to march in Kenosha, Wisconsin for the Memorial Day Parade and also in Waukegan's parade Monday, May 29th.

For most of the girls it will be their first competition where others are already medal winners. (Staff Photo)

american legion auxiliary news

Approximately 150 past presidents attended the 10th District American Legion Auxiliary's Past Presidents' Parley Dinner Party, held at the Northern Chalet Restaurant in Libertyville, May 16th. There were past presidents from every one of the 22 Units in Lake County.

After dinner, entertainment was provided by Mrs. George Fluger of Vernon Unit; with Mrs. Edwin Bradtke, Gurnee; Mrs. John Chudzik, Lake Zurich; Mrs. George Mitchell, Grayslake; and Mrs. Logan Kennedy, Waukegan; participating in an impromptu, hilarious skit. A song-fest with all the audience taking part concluded this "fun" part of the evening.

It was decided that the 10th District Auxiliary's Past Presidents' Parley group would

donate \$50.00 to the nurses' scholarships fund; and send \$25.00 for the maintenance of the veterans' craft exchange. When it is ascertained just what gifts the women patients at Downey Hospital will want, \$50.00 will be given for their gifts. The 10th District will also be spending \$100.00 for the meat for their annual picnic for the Downey Hospital patients in August. Other food essentials for the picnic will come from the 22 Units.

Tribute was paid to the late Mrs. Joseph Howland of Libertyville, who had been the chairman for this dinner. Mrs. Howland died suddenly on April 15th. Mrs. Herbert Gleason, Libertyville, became general chairman, aided by Mrs. Everett Ainsworth, Lake Forest; Mrs. Joseph Hogue, Waukegan; Mrs. A.J. Dorn,

Mundelein; and the 22 Junior Past Unit Presidents.

The board meeting of the 10th District American Legion Auxiliary will be held on Wednesday, May 31st at 7:00 P.M., at the Gurnee American Legion Home. A pot luck supper will precede the meeting. District President Mrs. Joseph Hogue will be the presiding officer.

At the recent Department Junior Conference, held at the Holiday Inn East in Springfield, the Sharvin Unit Juniors Red Jacket Choir won first prize in choral competition, statewide. This is their third consecutive year to win this honor. Mrs. Norman Holt of North Chicago is their director. Diane Schultz, North Chicago, took second place with her poppy corsage.

Mrs. Holt will again be serving on the staff at Illini Girls' State, held June 15th-22nd at the MacMurray College in Jacksonville, Illinois.

Representing the Antioch

Miss Majorette of Great Lakes will be selected from among the more than 1,000 contestants expected to compete in the two day event starting Saturday, May 27, 1972 with the Miss Majorette of Great Lakes Open Baton Twirling Contest at the East Campus gymnasium of Waukegan Township Highschool, 1011 Washington St., Waukegan, Illinois. Doors open at 8:00 a.m. Contest starts at 9:00 a.m.

Miss Majorette of Great Lakes will be selected on Sunday, May 28, 1972. Last year's winners will be present serving as hostesses. The finalists will be judged on modeling, strutting, and twirling performances. Awards will be presented at the end of the twirling contest which starts at 1:00 p.m. There will be ten trophies in each class.

and the girls will select Miss Congeniality in each class.

Contestants in the ten year old, two day event are expected from all over the United States as well as from Illinois and the surrounding states. Many of the nation's top twirling talent will be competing. Judges will be from Illinois, Missouri, Pennsylvania, and Wisconsin. A total of 400 trophies will be awarded in the all-trophy contest with the Miss Majorette winners receiving special awards as well.

The contest is open to the public on both days and runs continuously. Children are admitted free, adult admission \$1.00. Food will be served throughout by members of Shea's Show Corps, proceeds being used to defray the group's operating expenses. Contest directors are Jim Hallett and Eugene Shea.

Social Notes

By: Del Jahnke

Mr. and Mrs. John Davis and Mrs. Gladys Eisenhut of Perris, California, were guests of their Aunt, Mrs. Effie Nelson and the Joseph Horton's last Wednesday. It had been eight years since they last saw one another, and they all enjoyed a pleasant visit. John Davis and Mrs. Eisenhut are former Antioch residents.

The Silver Wedding Anniversary Dinner Party of

the Robert Hansens' of Gurnee, found the senior Ed Jahnke's (Beach Grove) among the 20 friends and family present, Saturday evening. The dinner was held at Ted's Log Cabin in Waukegan, with a good time had by all!

Mr. and Mrs. John D. Horton with daughter, Jennifer Kaye of Dwight, Illinois, spent this last week-end in Antioch, seeing his parents, the John V. Horton's, other relatives and friends.

A little bundle in pink will soon be "at home" with the James McGowan's of Route 59, just as quickly as her mother, Sandy, can bring her home from the Kenosha Memorial Hospital. The newcomer arrived early Saturday morning, and she already has three older brothers and two sisters eagerly awaiting her "homecoming"! Almost forgot to give you the vital statistics, Saundra Mae weighs 8lbs and is 19 1/2 inches long. This young lady is off to a good start.

Delighted to report that Mrs. Joseph Horton is now convalescing at home after her major surgery, and is feeling quite well.

DIPLOMA

Along the Way with Annie Mae

Get out your swim suits, the pool opens this weekend. On Sunday afternoon they will be throwing coins in the pool. Don't forget to buy your pass this week, you save \$5.00 if bought BEFORE Memorial Day.

Little RODNEY VOLING celebrated his 4th birthday in a special way. He attended the Lake County Firemen's Convention with his family and many of our local firemen. The men participated in all events, but weren't lucky enough to come home with any trophies. The season is just starting fellas, don't be too disappointed.

If the KASEK & CARNEY FAMILIES seem a little bit tired, it is only because they just returned from a 4 day stay in Las Vegas along with 6 other couples. We hear they slept during the day and stayed up all nite!!! (How did you fellas make out on the slot machines?)

We have several happy birthdays to wish this week. JEFF VAN PATTEN celebrated his birthday on May 21, BILL CARNEY on May 23, and RON ANDERSON on the 25th. KENNY WATSON will be celebrating his 7th birthday on the 26th with a party for his classmates and neighbors. Have fun Kenny! and then MIKE HARVEY will blow out the candles on the 28th of May.

Heartiest congratulations to LAURIE GOOD, daughter of STU & PHYLLIS GOOD, who walked away with the Music Merit Award for the outstanding senior musician in band and A-Capella choir, at Grant High School. Laurie was also named to the National Honor Society. Stuart, her father, is head of the Industrial Arts Department at Antioch High School.

Hear tell, there is a HANDSOME, DEBONAIR, male resident, who is sporting a new topnotch (hairpiece). I haven't seen him yet -- just the line of "swooning" women he has left behind. I thought he was pretty sexy the way he was, but hear its nothing compared to now!!!

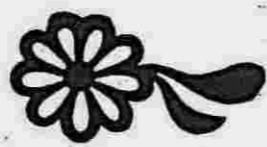

Mother's Day was celebrated by four generations of the Zalatoris family. Mr. and Mrs. Peter Zalatoris, their daughter Gen Cermak and her son Randall, wife Georgia and his sons, Mark, Craig and Keith were all together for a family gathering at the 19th Hole in Lake Villa.

Some special anniversaries being celebrated are ED & ARLENE OLSZEWSKI who celebrate their anniversary on the 23rd, but hear they will make it a little special on the 28th of May in their lovely new home on Garys Drive. Happy anniversary to GERALD & PEGGY VAN PATTEN also on 23rd; and a special happy 25th anniversary to EV & ELAINE OFTEDAHL who celebrate on the 24th.

On Sunday, May 21, the ANTIOCH WATER FIGHT TEAM No. 2 journeyed to Round Lake Beach and came home with a beautiful 2nd place trophy. Keep up the good work JIM, soon you'll be No. 1!!!

Have a fine holiday weekend coming up -- but keep it safe and trouble free. See you at the ball park.

Annie Mae

B-J Studio and Hahn JEWELRY

Wish to extend our congratulations to you upon your engagement and also in your decision to select your all-important wedding rings from Antioch's finest jeweler, Hahn's Jewelry and Gift Shop.

The B-J Rush Photo Studio, Antioch's award winning professional portrait studio, would like to present to you, at no cost or obligation, a beautiful glossy print to be used by your newspaper in announcing your engagement. This includes a complete studio sitting, with complete set of pre-views from which you may select your glossy print.

Best wishes in your future together.

KIM HARDY JOINS ASSEMBLY

On Monday, May 8, we initiated Kim Hardy into our assembly. We also welcomed her into the assembly. Congratulations, Kim!

Before the meeting, a

bowling party and a potluck dinner was enjoyed by the girls.

At the last meeting of the term, we held elections and Cathy Wysogiad was elected to the office of Worthy Advisor.

So, we are happily planning for a new term, beginning with the Installation on May 20, but also remembering the happy times we enjoyed during Robin Lindblad's term, our Retiring Worthy Advisor.

886 ANITA

ANTIOCH INDUSTRIAL PARK

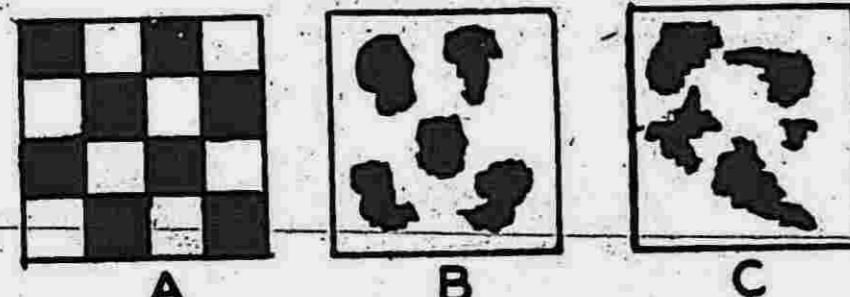

ANTIOCH, ILL. 395-2460

PATTERNS IN LIGHT AND DARK. . . . A checker pattern has a lot of merit for the ease of playing the game of checkers, but for an arrangement of lights and darks in a picture it would probably

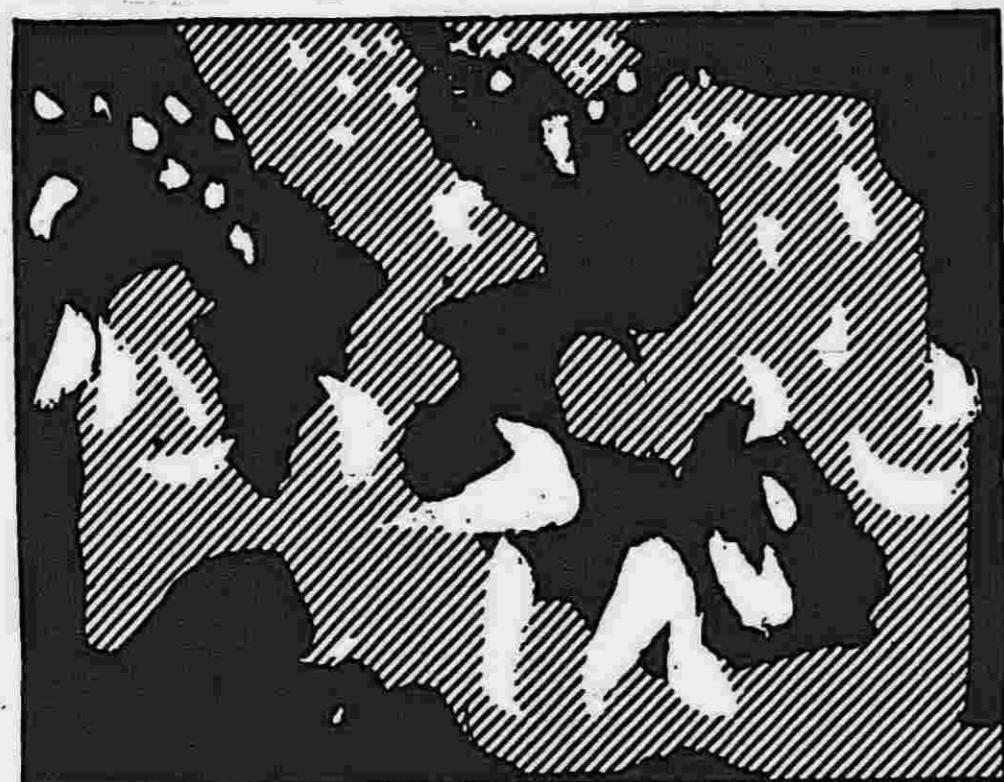

be too harsh. In Sketch 1, the example, "b" is also too spotty, whereas "c" shows how simply varying the size, arrangement and shapes of the black spots creates movement in the composition.

SKETCH 1

Many artists in the past have been concerned with the arrangement of values (the lights and darks) within a picture. Way back in 1565, Pieter Brueghel arranged all the dark colors closely together, then accented the whole picture with small crisp white

areas which were parts of the peasants' costumes. This gave the painting staccato notes as you would hear in gay music. Shown below is an abstract value arrangement taken from Brueghel's painting, "The Wedding Dance."

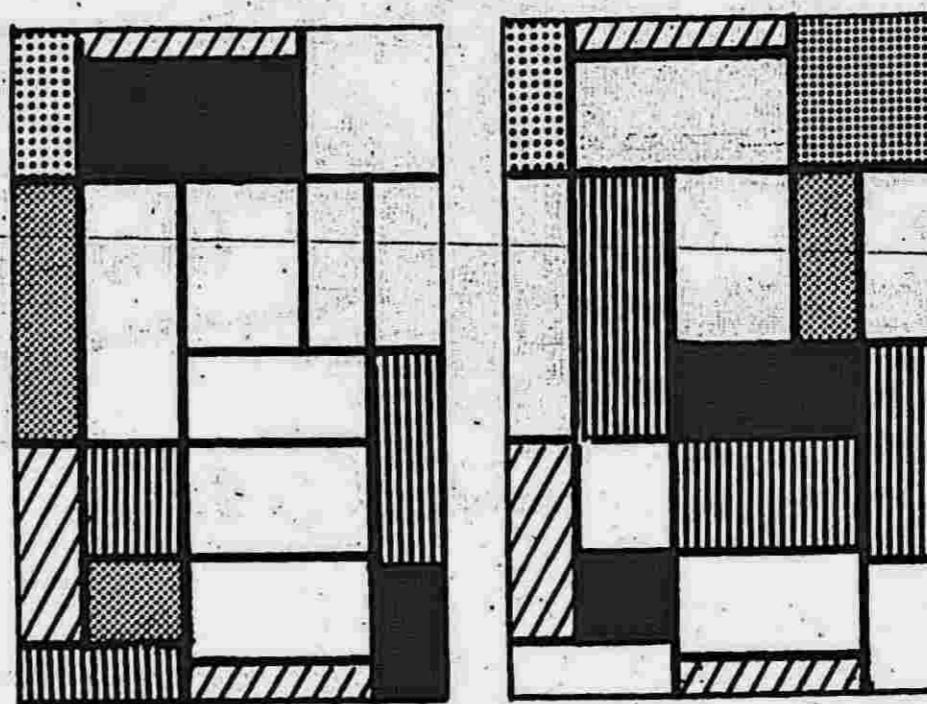

ABSTRACT STUDY OF VALUES

Looking at Whistler's "Arrangement in Grey and Black," painted in 1871, we can see how he placed the dark values so they flowed from one area to another.

At a later date, 1921, Piet Mondrian was trying experiments in reducing composition to the simplest elements. A study of his "Composition in Red, Yellow

and Blue," when seen in a black and white print looks something like the example "a" below. If we rearrange the same values, as I did in "b", we can see how spotty the light areas become.

What arrangement of values is best for any composition is a problem to be given careful consideration. Doing thumbnail sketches (small sketches, that is) with a soft pencil in an abstract way like the above examples will give you an idea how values can be rearranged for any picture, whether for a landscape, portrait, still life or what ever.

Happy Values.

County Ruling May Require Two Months

Robert J. Webb of Antioch, a member of the County Zoning Board of Appeals, currently considering the Antioch Country Club project said the Board might require up to two months before they could register their recommendations.

"There is so much material to examine," he said, "I don't see how it could come up before that."

According to Webb, the Zoning Board concluded their hearings in Lake Villa shortly after five o'clock, on Friday, and went home "thoroughly exhausted."

He listed the written objections, testimony, and the verification of the petition from adjacent land owners as the major areas of consideration. The latter, he said, might require a month for the States Attorney to check. "It's an exhaustive process."

The Zoning Board received scores of letters in opposition to the project from school boards, municipal departments and private citizens, in addition to nearly five hours of testimony.

Webb said he thought the people in opposition to the project "conducted themselves in a fine manner and did their homework."

Albert Dittman To Address Grass Lake

Grass Lake School will hold its graduation exercises on Thursday, June 1, 1972, beginning at 8:00 p.m. The Reverend Phillip O. Laurin, Pastor of the St. Stephen Lutheran Church, will give the Invocation and Benediction. Mr. Albert Dittman, retiring Superintendent of the Antioch High School will be the keynote speaker for the evening. Mr. Dittman has been Supt. at the Antioch High School for the past 20 years and has seen the student enrollment grow from 378 to 1377. In addition to his active involvement in educational organizations such as the Board of Directors of the Special Education District of Lake County, the Lake County Association of School Administrators, and the Illinois Association of School Administrators, Mr. Dittman also is a member of numerous civic, fraternal, and religious organizations.

Mr. Dittman has received degrees from North Central College and Colorado State University and additional graduate work from the University of Illinois, Wisconsin University,

Lake Villa Students Attend Science Expo

Eight Lake Villa Intermediate School students recently spent an exciting weekend on the Champaign-Urbana campus of the University of Illinois exhibiting their science projects. The event was the annual exposition of the Illinois Junior Academy of Science held May 12-13, 1972. On Friday evening, May 12th, exhibitors were honored at the annual Illinois Junior Academy of Science banquet and treated to a demonstration of the industry applications of cryogenic substances.

Saturday was the day of judging and awards, and for the seventh consecutive year, Lake Villa students achieved the top rating of outstanding for their projects. For their outstanding projects Rich Coles and Rocky Hudson will receive Illinois Junior Academy of Science pins, a pen and pencil set and a commendation in the annual Illinois Junior Academy of Science yearbook.

Rich Coles, in his project, MERCURIC ION MOVEMENT IN PLANTS, found that some mercury compounds migrate throughout a plant structure at a measurable rate, remain in the plant indefinitely and appear to stunt the growth of some types of plants. His project was judged outstanding.

Rocky Hudson, in his project, THE EFFECT OF HIGH G FORCES ON PLANARIA, found that the high gravity forces created by his homemade centrifuge adversely affect the movements of a small flatworm. Rocky's project was also judged outstanding.

Mindy Harris in her first-rated project, GROUP INFLUENCES, ARE YOU A VICTIM?, testing over 400 subjects in various age groups, and found that the strongest peer group influence occurs during the early teen years, but only on questions so vague as to make a reasonable choice of answer difficult.

Jeff Smith, in his first-rated project on ACCURACY IN METEOROLOGY, discovered that methods of making weather forecasts should vary according to season.

Amy Ploss in her first-rated project on IMAGES FORMED BY NAMES, found that some common given names elicit stereotyped responses in the areas of race, weight and age but not in other areas such as education.

Sue Mattson in her first-rated project, PHOSPHATES IN DETERGENTS, discovered through experimentation that phosphates affect cleaning ability, water softening and encourage plant growth.

Ann Seisser in her project, ROTE MEMORY: AURAL VS. VISUAL, found that contrary to some modern theories, a multi-media approach to learning is not necessarily the best method of learning for memorization.

Gail Jordahl in her project, ATTENTION AND SENTENCES, found that her subjects vary in their ability to attend or focus on familiar objects such as letters if they are put into non-familiar situations.

Monday evening, May 15th, these students were honored by the Lake Villa Parent Teachers Organization.

Mrs. Bergh presents "Design Inspiration"

Mrs. Edwin W. Olsen of Antioch (above right) a member of the North Suburban Embroiderers' Guild is pictured at a recent meeting in Northbrook with Mrs. Philip Bergh of Little Neck, New York.

Mrs. Bergh presented her slide lecture program, "Design Inspiration" in which she portrays designs in needlework from their inception through the actual stitching to a finished piece. One of her designs is shown in the background above.

The guild meets the first Tuesday of every month in Colby's community room, 1000 Skokie Boulevard, Northbrook, at 10 a.m. The next open meeting for those interested in learning the membership requirements will be October 3.

Tax Rate Goes Down In Lake Villa

Residents in Lake Villa School District No. 41 can expect their tax rate for the elementary school to be less for their 1971 taxes than they were for the 1970 taxes according to school officials. The total tax rate for bills sent out last year was \$2.249. The tax rate on bills to be sent out by the County Office this year will be \$2.237.

This decrease of \$.012 is due to a decrease in the rate of tax assessed for Building Bonds. Last year the school district made the final payment on the Bonds issued in 1952 and 1957.

The tax rates for each fund in the budget are shown here:

Fund	1971	1970
Education Fund	\$1.110	\$1.110
Building Fund	.250	.250
Special Education Building Fund	.020	.020
District No. 34 Building Bonds	.001	.001

PM & L Cast preparing New Production

PM & L rings down the curtain on the mystery drama "WAIT UNTIL DARK" and the set goes up for the mystery comedy "ARSENIC AND OLD LACE" which will be presented June 17, 23, 24, 30, and July 1 at the PM & L Theatre, 877 Main St., Antioch, Illinois.

The famous comedy success "ARSENIC AND OLD LACE" by Joseph Kesselring will be directed by Ken Smouse. It is the story of the charming and innocent ladies who populate their cellar with the remains of socially and religiously "acceptable" roomers; the antics of their brother who thinks he is Teddy Roosevelt; the activities of the "other" brother; and the futile

attempts of the "sane" brother to make sense out of chaos.

The cast includes Shirley Jensen as Abby Brewster, Aileen Biel as Martha Brewster, Tom Hausman as Teddy Brewster, Bill Simpson as Mortimer Brewster, Bob Bundy as Jonathan Brewster, Don Beveroth as Dr. Einstein, and Kris Bates as Elaine Harper.

Hank Apostal is Mr. Gibbs, and Fred Shkapich is Mr. Witherspoon. The police department is represented by Russell Matthews as Officer Brophy, George Blanksten as Officer Klein, Herb Hokanson as Lt. Rooney, and Bill Sershon as Officer O'Hara.

Reservations can be made by calling 395-9702.

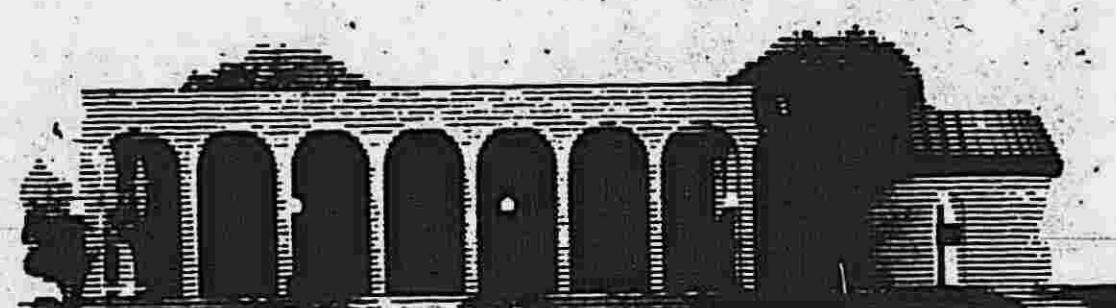

NOTICE OF SPECIAL MEETING

A Special Meeting of the Board of Education is scheduled for Thursday, May 25, 1972 in the Board Room of the New General Office at 7:30 P.M. to discuss the 1972-73 salary conditions of the Director of Student Affairs, the Director of Pupil Personnel Services, the Administrative Assistant for Business, and Salary conditions of other non-certified and certified personnel.

Lorenz

In 1841, E. J. Simmons brought his young family from New York to Illinois in search of a homestead. After buying government land, a log cabin was built that same year.

Ten years later, his son, Frank M. Simmons, built the farmhouse which still stands on the rolling hillside just west of Antioch on Illinois Rte 173. Much of the old farmhouse can still be seen when you visit LORENZ'S SMART COUNTRY HOUSE.

The home remained in the possession of the original family although the name had changed to Smart. In 1948 the farm was sold and the new owners created Smart's Country House, retaining the family name as the best means of identifying the well-known establishment.

The Lorenz family acquired the business in 1956. At the present time, Ray Lorenz and his wife, Pat, and his mother operate the beautiful old farmhouse.

Lorenz's specializes in food selection and preparation, and offers one of the most outstanding menus in Lake County.

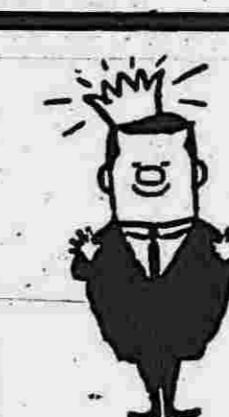

Some of the entries include Prime Rib au Jus, Filet Mignon, Shrimp DeJonghe, Sauted Louisiana Frog Legs and Lobster Newburg.

The fashionable restaurant also serves a fine selection of sandwiches and features a tantalizing array of luncheon specials. Two of the better known daily specials are Beef Stroganoff and Chicken Kiev.

The cocktail lounge provides a perfect setting for a leisurely beverage. Rich leather chairs and candle lit tables surround the special piano bar.

If entertainment is your forte, Lorenz's Smart Country House features live music every Friday and Saturday nights.

For excellent dining and a delightful atmosphere combined with a touch of history and romance, visit LORENZ'S SMART COUNTRY HOUSE.

With a Stern Eye

You turn your back for a week - take a small sun-filled vacation - and return to find all the old landmarks washed away. Here I am, back at my desk, ears and nose peeling profusely - and I must cope with the news that the County Board has been busy about history while I was looking the other way.

COUNTY BOARD TO OPEN COUNTY BUILDING ON SATURDAYS, said the headline. I guess it couldn't have said all that - too many words - but that was the gist. This newly hatched brood of legislators has begun, not with a whimper or a belch, but with a cannonade. There is hardly any subject so sure to inflame elected officials as the suggestion that they lengthen their hours to serve the public.

"It was really quite a session," Fred told me. "The Rules Committee just sat and listened to everyone's objections. None of them got hot or anything, they just listened. Why Frank Nustra was practically purple. And then they went ahead and put it in the rules - just like that!" He chuckled warmly at the memory.

Of course the battle lines have only just been drawn. The same rule was passed two years ago under the auspices of then-new-broom, Augie Cepon. At that time the nine elected office-holders met together and

subsequently stood together, against bowing to the new edict. They would not open on Saturdays they maintained, flatfootedly.

In a scene that lives yet in my memory, State's Attorney Jack Hoogasian stood before that assembly of grey heads in the Board Room, and spoke sententiously of Legislative Intent. Even though the law appears to say the County Board can make this open Saturday decision stick, cautioned the S.A., he was absolutely certain the legislators did not intend any such radical nonsense as was contemplated. When the law states as it does, that the "County Board may fix the days and hours of closing" - what they really meant to do was permit some of the smaller counties to close their doors two or three extra days per week. He was certain there had been intention to extend services. With this kind of arrant legal nonsense, Hoogasian was able to intimidate the Supervisors of that time. They retreated.

I suspect that his public display of official callousness made a deep impression on many who were watching. For with this as one of the stout supports of my platform, I, a dreading Democrat, won a totally unwinnable election as County Clerk.

The memory of that bloody debacle must still haunt the surviving Republican office holders and perhaps it will restrain them from a repetition of their folly. But then again, maybe it won't.

After reviewing my fat file on 'Saturday Opening' (and some of the speeches I made to the Supervisors over the years on that subject should have moved a stone) - I find that the law gives the County Board direct jurisdiction over the days and hours of the County Clerk, the Treasurer, the Auditor and the Superintendent of Schools.

The Recorder is specifically exempt from the possibility of opening Saturdays - which is a pity. That office would be much used by the five-day working members of the

SEQUOIT SMOKE Signals

SEQUOIT SMOKE SIGNALS

Summer is almost here!!! Everybody's trying to get a head start on that summer tan

public.

Perhaps this new County Board, peopled as it is by plain folks rather than political professionals, is going to stand and fight for the public good. I confess I was depressed about the election of the Chairman and the dickering and renegeing that seemed in the corridors of the tenth floor - but now I am feeling better, shored up by this display of political grit.

Among other things, the new Board is orienting itself thoroughly and speedily in the business of the County. Last week they toured the offices - listening attentively to a ten minute resume of his

or should I say BURN! Especially the kids that went up to Miss Arent's cabin last weekend.

A group of students working with the Student Responsibility program got a chance to show their talents on the air. They performed a mock trial over WKRS radio last Tuesday afternoon. The purpose was to demonstrate how the court works for other schools and interested people in the area.

DONNA KESSLER, TERRY OLSON, and KIM SKAPICH will also have a chance to have their way over the radio. They will be on WKRS this Thursday at 1:00 P.M. to talk about the coming referendum. They will explain just what it will mean if it does pass or what will happen if it doesn't. ACHS is doing its part to lessen the communication gap. The school has consented to broadcast the radio program over the intercom so all the students can hear it!

The choir is also doing its part to bridge the communication gap. They sang for two area churches on

responsibilities given by the head of each department. And within the next few weeks these same department heads, including all elected officials, have been asked to prepare a one-hour seminar covering the same material in greater depth.

The 'whole new ball game' which Lake County has been anticipating anxiously is well into the first inning. . .

Sunday as part of their worship services.

This Wednesday, there will be an **HONOR'S PROGRAM** after school to give recognition to all the students who have earned scholastic awards. Parents are invited!

Speaking of honors the track team has decided who should get their. **PAT MICHALAK** has been voted most valuable member, **GARY MANDEHR** and **REED ANO** have been selected as the co-captains, and **RICK SIMON** received the most improved title. The conference championship will be decided Tuesday night at Grant. Good luck boys!

See ya next week,
Barb

LAKE VILLA

SCHOOL BOARD MEETS

At the regular meeting of the Board of Education held on May 9th, 1972, it was decided to recess the meeting until Wednesday, May 24th, 1972. The meeting on May 24th will begin at 8:00 p.m. at the Intermediate School.

The purpose in the meeting is to discuss reinstatement of former cuts in the educational program.

The Education Committee would like to present a recommendation relative to a "Citizens Advisory Council"

Obituaries

FRANK G. REBICEK, SR. 71 years old of Camp Lake, Wisconsin passed away suddenly from a heart attack on Friday, May 19th at Kenosha Memorial Hospital. He was born May 10, 1901 in Chicago, the son of the late Frank and Mary Rebicek. He had operated a farm in the Silver Lake and Camp Lake areas from 1945 until his retirement in 1968.

He married Helen Dlouby on November 27, 1924 in Chicago. He was preceded in death by 1 brother, George.

Survivors are his wife, Helen - 2 Sons, Richard Rebicek of Camp Lake, Wisconsin and Ernest Rebicek, also of Camp Lake. One daughter, Mrs. Dorothy (Phillip) Wentland of Silver Lake, Wisconsin. One brother, Edward Rebicek of Watersmeet, Michigan and 1 sister, Mrs. Mary (Andrew) Saybin of Berwyn, Illinois. 10 grandchildren also survive.

Funeral services were held at the Strang Funeral Home in Antioch on Monday at 10:30 a.m. Rev. Mark Lyons of Holy Name Church of Wilmot, Wisconsin officiated. Interment was in Holy Family Cemetery, Wilmot.

Christian Science Churches

What an understanding of the nearness of God can mean for mankind will be brought out at Churches of Christ, Scientist, this Sunday.

In the Scriptural readings in the Bible Lesson-Sermon on "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" we read in James 4 "Submit yourselves therefore to God. Resist the devil, and he will flee from you".

From (Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will read: "Let us rid ourselves of the belief that man is separated from God, and obey only the divine Principle, Life and Love."

Services at First Church of Christ, Scientist, BEACON HILL, Rte 173 and Harden, Antioch, Illinois begin at 11:00 a.m. All are welcome.

"THE TRUTH SHALL MAKE YOU FREE."

Listen this Sunday to the Christian Science Radio Series for some interesting insights on this question.

THE TRUTH THAT HEALS

PESTICIDE APPLICATORS EXAMINATIONS BEING GIVEN

Examinations for pesticide applicators and operators are now available daily according to Ray T. Nicholas, Lake County Senior Extension Adviser. Rodney G. Anderson, superintendent, Division of Plant Industry, Illinois Department of Agriculture states that the daily schedule of examination previously, or who failed in the first test.

Examinations will be held for applicators and operators Monday thru Friday, 9:00 a.m. to 3:00 p.m. 999 North Main Street, Glen Ellyn, Illinois. Since facilities are limited, appointments must be made with L.B. Matzenbacher, at 312-469-8621. Those preparing

Father Henderson Memorial

Father Francis Johnson, Pastor of St. Peter's Church in Antioch recently announced plans for a permanent Memorial to the Late Pastor Alfred Henderson who died December 6, 1972. At the time of Father Henderson's death a fund was established for a memorial to him. After investigating several choices, Father Johnson and a committee of St. Peter's Church, have decided to renovate the Altar of the

Church and dedicate it in memory of Father Henderson. The main celebration altar will be replaced with a new one. Other renovations will include refurbishing the marble in the sanctuary and redecorating. The main decor of the altar of Repose will remain the same, but will be cleaned and refurbished. Many of the Merchants of Antioch and also other people have expressed their desire to contribute to a Memorial to Father Henderson.

Father Johnson expressed his desire for all the people of Antioch who wish to contribute to this memorial to contact him at the rectory or to mail any contributions to St. Peter's Church, 557 Lake St., Antioch, Ill. Father also announced that June 1st until Oct. 1, 1972 will be the special memorial fund period, during which all contributions may be made.

Call for Prayer for Peace

A call for citizens to use prayer in bringing a "peaceful and prompt solution to the Vietnam conflict was made at First Church of Christ, Scientist, in Antioch Wednesday night, May 17th.

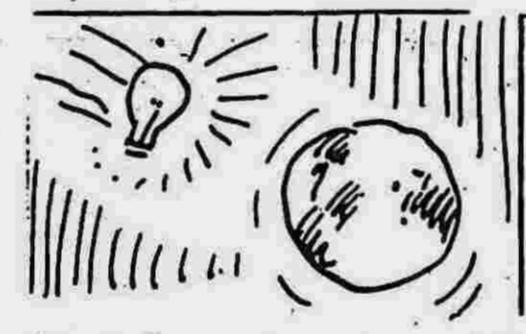

Mrs. Evelyn Greer, First Reader of the church, read a message from the five-member Christian Science Board of Directors in Boston, which was issued to the 3,200 Christian Science churches throughout the world.

"No one can outline for another how to pray, nor do we in our prayers attempt to outline specific solutions for human conditions," the message stated. "But let this not prevent us from joining in the deepest confidence that prayer does avail."

"It is our conviction that prayer is deeply needed and of vital importance at this time. We believe that all of us must now be counted upon to do our full share in bringing to bear the immense power for good that is native to prayer...."

Last week, the denomination's international daily newspaper, The Christian Science Monitor, urged in a front page editorial that prayer be used in approaching the Vietnam problem.

"Peace has always been elusive," the editorial said.

It takes more than eight minutes for the light of the sun to reach the earth.

for the examination should study the Guide for the Custom Application of Pesticides available from the Extension Advisers office, Lake County Fair Grounds, Grayslake, Illinois.

"But by men's raising their vision above the evidence of battle to the spiritual norm of harmony and peace, the inspiration and courage to secure peace will be found."

The Monitor editorial added that "it is in a willingness to see that peace is above and yet available to the participants, supported in a divine plan and impulsion for harmony among men, that efforts toward peace can begin."

At services Sunday, May 21st, the Directors' message was read again to the congregation of the Antioch Church, and the other branch churches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

S.P.R.E.D. Centers

In two previous articles, we have attempted to introduce and explain the catechetical program available for the mentally handicapped. As in any learning program, grouping must be considered for the comfort and social consideration of the learner.

There are three age level divisions among SPRED Centers, 6-10 year olds, 11-17 year olds, and 17 and over. Our vicinity has two centers at present. There is a 6-10 year old center at Prince of Peace Parish in Lake Villa and an 11-17 center at St. Joseph's parish in Round Lake.

We know we could be serving more of the mentally handicapped. If we can reach more of them, we could also open a 17 and older center in the area.

Any parents interested in enrolling their mentally handicapped children in either of these centers are most welcome to do so. The program is opened to all, regardless of religious affiliation. No doctrinal truths are taught.

Details can be obtained from Pat Stagg, 356-7910, Nancy Benton, 546-1155 or Marion Pechousek, 395-1465.

If you are interested in the program from the standpoint of helping the children as teacher/instructor, please call one of the above-mentioned ladies.

CHARTER ISSUED

On May 12, 1972, Secretary of State John W. Lewis announced the statement of the intent to dissolve the Uniform Die Casting Corporation. Correspondence James Lumber, 388 Lake St., Antioch, Illinois.

A charter was issued to North Central Cycles, Inc., 887 Main St., Antioch, Illinois Gary Herman, John Pynacker Common 1000 SHS-NPV Deal in motorcycles and recreational vehicles of all types. Corres. Lorretta Schuck 545 Kelsey Rd., Barrington, Ill.

SCHOOL FUNDS REFUNDED

Illinois Attorney General William J. Scott today announced that, as a result of actions taken by his office, school districts in Lake County have received returns of \$620. The districts involved are: Grass Lake School District No. 36, Antioch, \$63; Deerfield School District No. 109, \$73; Highland Park School District No. 108, \$268; Spaulding School District No. 58, Waukegan, \$22; and Zion School District No. 6, \$193.

Scott said the monies were recovered in an antitrust "price-fixing" suit involving the purchase of plumbing fixtures by schools and other governmental institutions throughout the state.

In the class action, which allowed the schools involved to join the Attorney General's suit without cost, the State of Illinois versed the American Radiator and Standard Sanitary Corporation and other suppliers.

As a result of another "price fixing" suit, Scott has also announced that his office will recover a total of \$1,080,000 for Illinois schools from 18 book publishers and 13 distributors involving the purchase of children's library editions.

Scott, in commenting on both cases, said, "At a time when school financing is a critical issue, the importance of these funds is self-evident. But equally important, to those who regard our educational system as some kind of "poaching ground" for price conspiracy, I think the action of this office is a loud and clear message."

TRAFFIC INSTITUTE

AT NORTHWESTERN U

Thirty Illinois law enforcement officers will have an opportunity to attend Northwestern University's Traffic Institute on full scholarship next fall.

A \$315,492 grant from the Illinois Law Enforcement Commission has created the scholarship positions. It was announced by James M. Slavin, director of the Traffic Institute. Officers from Illinois state, county and municipal agencies are eligible to apply for the scholarships, which also include accompanying grants for food and housing during the officers' stay on the Evanston campus. The scholarships are specifically designated for study in the nine-month Traffic Police Administration program at the Traffic Institute. Northwestern awards full college credit for the courses in the program.

A deadline of June 16 has been established for scholarship applicants. The program begins September 14 and is designed for police personnel in supervisory, staff and command positions.

Illinois Governor Richard Ogilvie hailed the scholarship grant as an important part of a statewide drive to improve and strengthen state and local law enforcement.

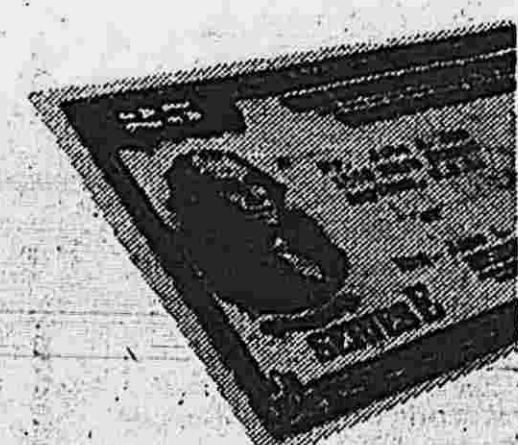

"Support for training by professional law enforcement officers is vital to the protection of the interests of all citizens," the Governor states. "I am delighted that the Traffic Institute has qualified to administer a scholarship program that will continue this process."

The incoming president of the International Association of Chiefs of Police described the grant as a major investment in law enforcement sciences for the state of Illinois. Winnetka, Illinois police chief Don Derning, a 1951 graduate of the Institute, noted that ".....too much emphasis has been put on the nuts and bolts of police service, especially at operational levels. This grant and the scholarships it provides will enable police departments throughout the state to develop management talent necessary to improve manpower resources."

For information on the scholarships and admission to the Traffic Police Administration Program, contact:

NOTICE OF
SPECIAL ELECTION
School District Number 117
Lake County, Illinois

NOTICE is hereby given that on Saturday, the 10th day of June, 1972, a special election will be held in and for School District Number 117, Lake County, Illinois, for the purpose of voting upon the following proposition:

Shall the maximum annual tax rate for educational purposes of School District Number 117, Lake County, Illinois, be increased and established at 1.32 per cent on the full, fair cash value of taxable property as equalized or assessed for state and county taxes instead of .92 per cent, the maximum rate otherwise applicable to the next taxes to be extended for said purpose?

(a) The approximate amount of educational taxes extendible under the maximum rate now in force in said School District is \$689,518.00.

(b) The approximate amount of educational taxes extendible under the proposed increased tax rate is the sum of \$989,301.00.

That for the purpose of said election said entire School District shall constitute a total of three election precincts and the polling places for said election shall be as follows:

Voting Precinct No. 1. Shall consist of all that part of Antioch Township High School District Number 117, Lake County, Illinois, situated within the political townships of Lake County, commonly known as Antioch Township and Newport Township.

Polling Place: Antioch Community High School Building, located in the Village of Antioch, Illinois.

Voting Precinct No. 2. Shall consist of all that part of Antioch Township High School District Number 117, Lake County, Illinois, situated within the political township of Lake County, Illinois, commonly known as Lake Villa Township, except that part of said Lake Villa Township which is situated within Sections

VACATION TIME AND YOUR DOG

By: Raymond A. Minor, D.V.M.
Manager of Veterinarian Services
Nordeen Laboratories

Vacation time is near. And thousands of pet owners will have to decide whether to take their dog to the seashore or mountains with the family or leave him behind.

I know it's not an easy decision. Take a little time to think about it, and discuss it with the rest of the family. Carefully weigh all the advantages and disadvantages. Will it be fun for everyone? Will Rover be difficult while traveling? Who will care for him at your vacation spot?

If you decide to leave him, select a clean, well-run boarding kennel. Ask your veterinarian and other dog owners for recommendations.

Next, make a personal inspection of the kennel. Be on the lookout for dirty quarters and piles of waste, lack of drinking facilities, unsanitary feeding dishes, gloomy or withdrawn dogs, and other signs of general neglect.

Ask questions about routine, feeding, exercise, cleaning and rates.

Never leave your dog in any

MEMORIAL DAY WEEKEND

The Lake County Safety Commission using figures provided by the National Safety Council, estimates that from 530 to 630 persons may be killed in motor vehicle accidents during the upcoming Memorial Day weekend. The Three-Day, 78 hour weekend runs from 6:00 P.M. Friday, May 26 through midnight Monday, May 29. Last year, 557 persons died in traffic mishaps over the three-day Memorial Day weekend. Another 26,000 persons were injured.

Jerry Klebe, Safety Commission Director said: "it may seem that traffic safety isn't taken seriously until the holiday weekends approach. Actually, the holiday weekends spotlight the fact that death on our streets and highways remains one of the most serious unsolved problems in the United States today."

Highway deaths are not inevitable, Klebe added. We know the irresponsible use of alcoholic beverages causes many accidents to happen. The refusal to wear available safety belts often escalates mere property damage into personal injury and sometimes fatal traffic crashes. If drunken drivers could be kept off the roads and if all car occupants could be persuaded to wear their safety belts, a substantial majority of car occupant deaths could be avoided.

Studies have shown that younger drinking drivers are more likely to become involved in traffic crashes than older, more experienced drivers."

place except a first-rate kennel. Two weeks or a month in an unsanitary kennel could be injurious to your dog's health.

Suppose you decide to take old Rover along -- driving or flying -- planning a few weeks in advance will add to the pleasure of the trip and the vacation.

After you have decided when you are leaving on vacation, make an appointment for your dog with his veterinarian.

Not only will the doctor check Rover's general health, but make sure he has all his shots and issue a health certificate.

The health certificate should state that the dog has not been exposed to any communicable diseases, including rabies. I suggest that you attach your dog's rabies tag to his collar as a precaution, along with a tag showing your vacation address.

Most states prohibit dogs from coming in unless they have been vaccinated against rabies.

I recommend having your dog vaccinated against rabies well in advance of your departure. Many states and resort areas, for example, Kentucky and the Virgin Islands, require dogs be

vaccinated against rabies at least two weeks before entry.

Don't plan to bring your dog to Hawaii unless you are going on an extended holiday. Hawaii requires all dogs and cats quarantined for 120 days in Honolulu prior to entry.

If you plan to fly to your vacation spot, check to see which airlines will accept dogs.

You should double-check with your motel or hotel about their rules regarding dogs.

If your dog is nervous or excitable, consult your veterinarian about giving it a tranquilizer before the flight.

Your veterinarian can also prescribe a remedy for motion sickness, also known as car sickness, air sickness, train sickness and sea sickness.

Man and many domestic animals are susceptible to motion sickness. The condition in animals is characterized by excessive salivation, nausea and vomiting brought on by continued motion. It may also be caused by fear, inadequate ventilation, fumes and noxious odors.

If traveling by car, don't permit your dog to hang his head out the window. He may have fine bits of dirt driven into his eyes or may get nasal and eye passage inflammation from the wind.

BIKE HIKE IS FUND RAISING SUCCESS

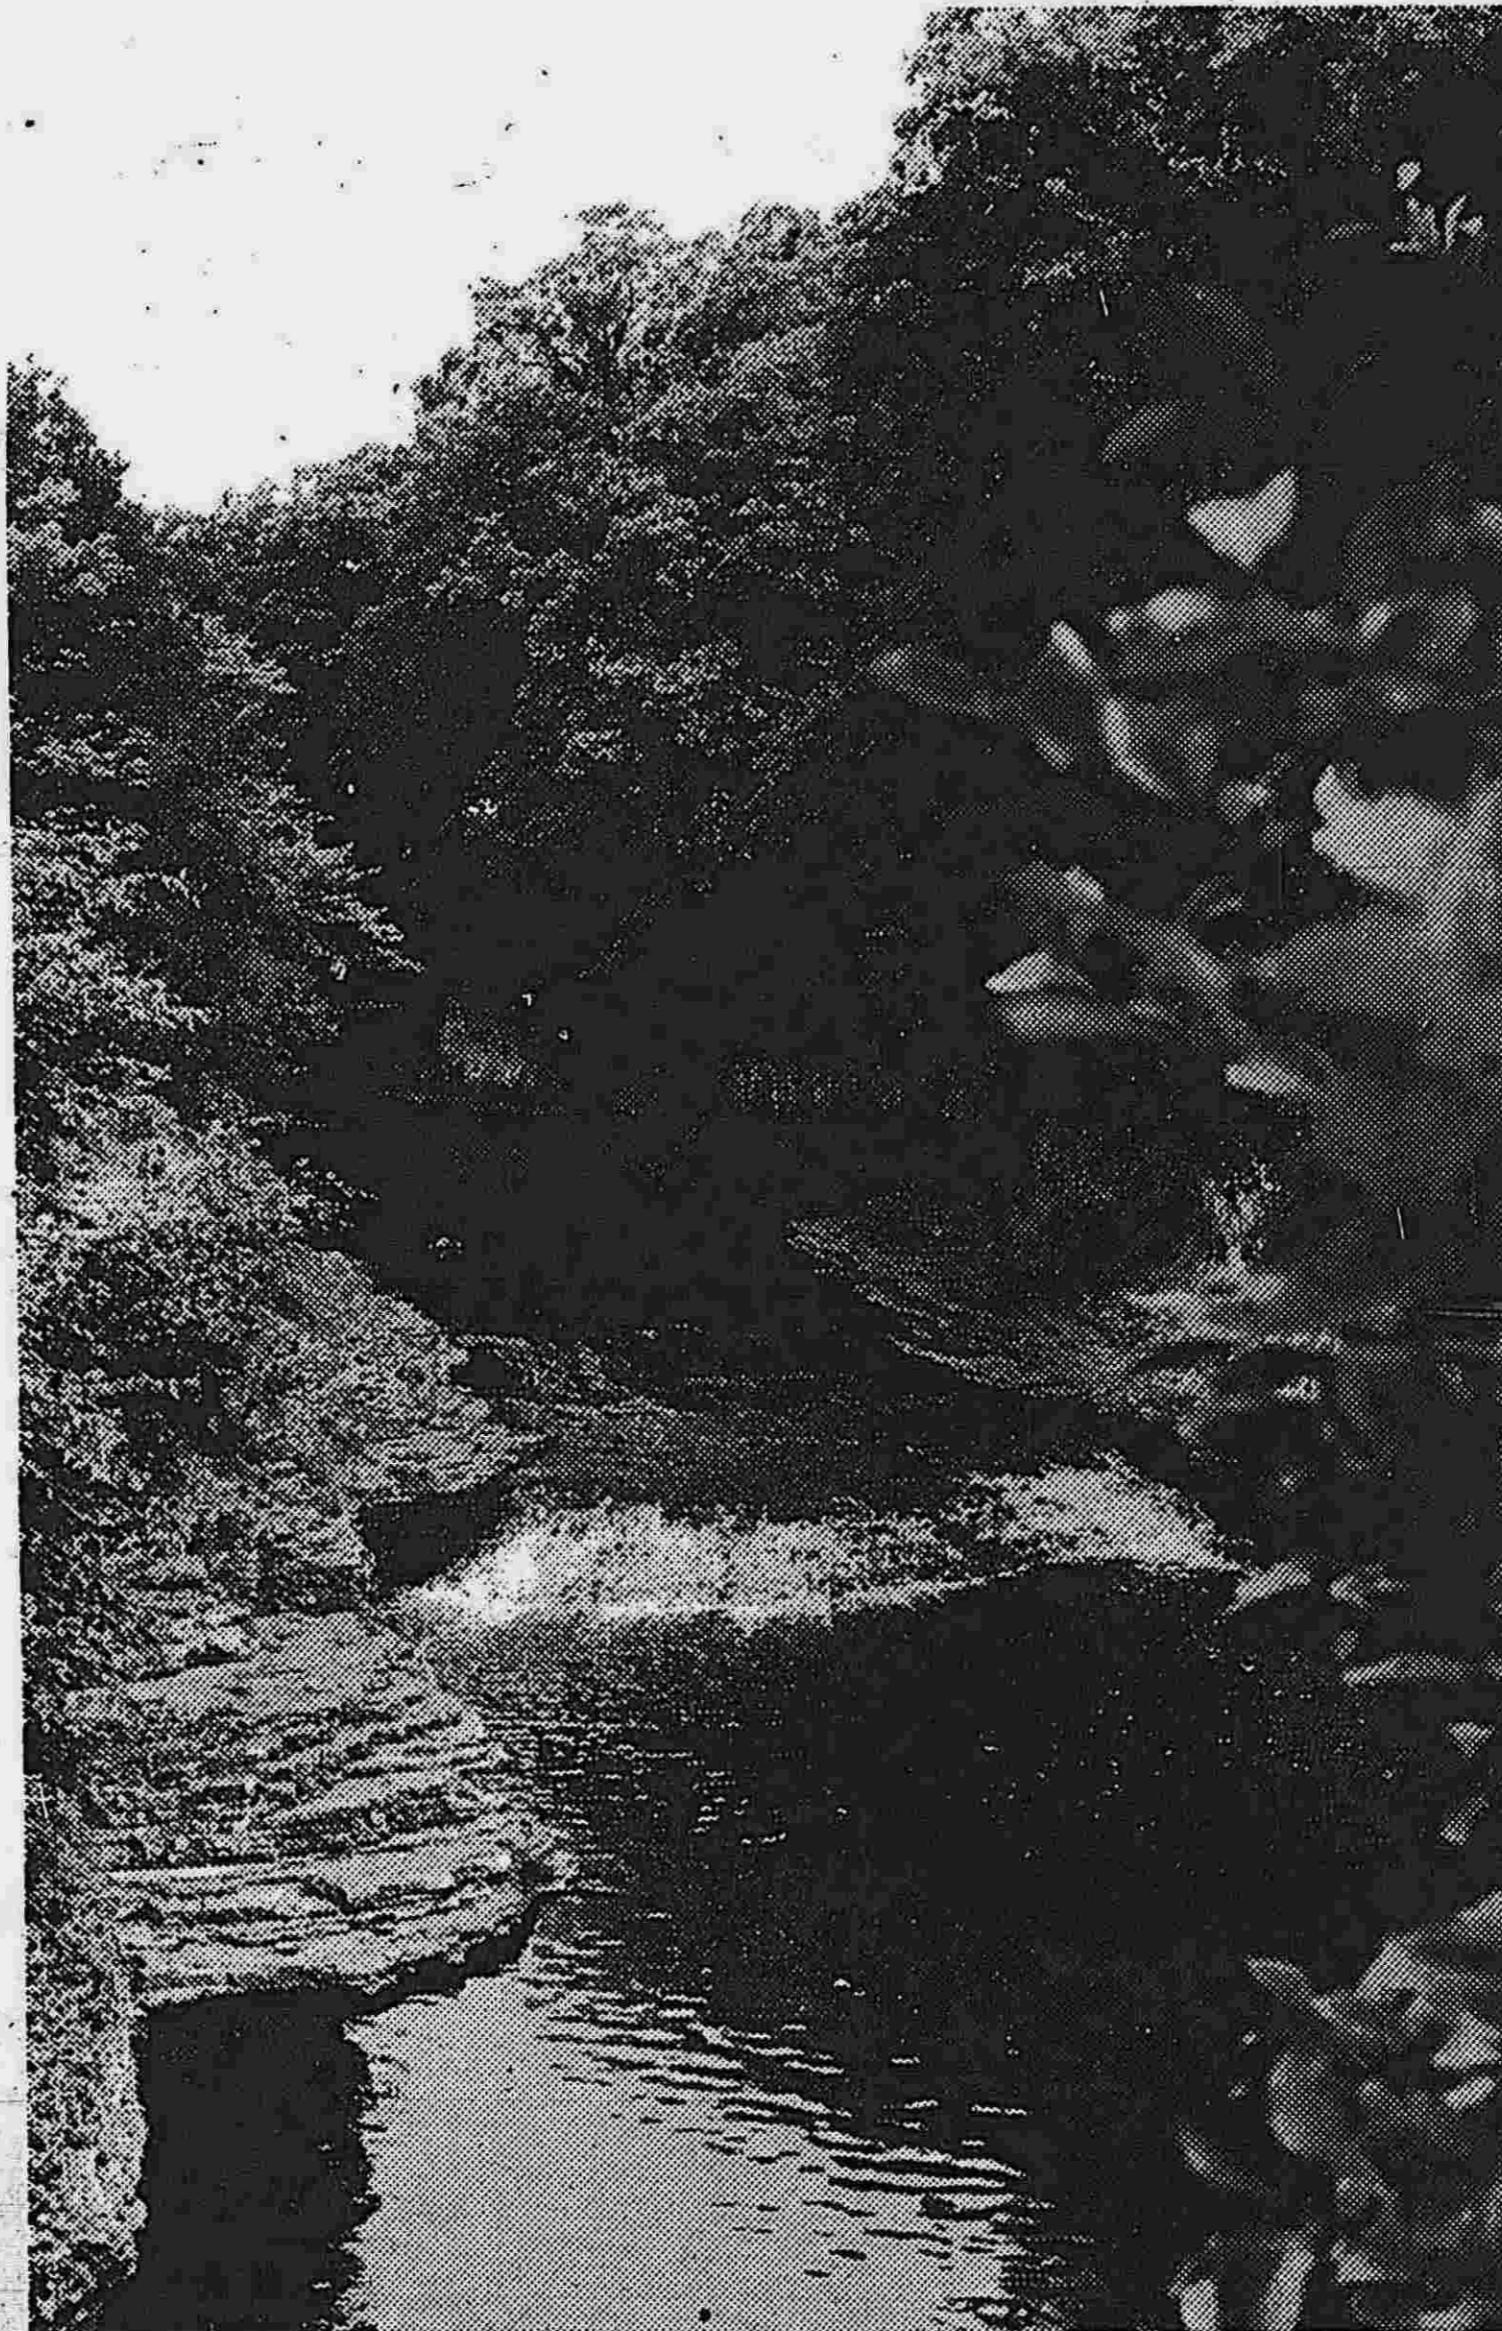

LaVerne Woods, President of the First National Bank of Antioch, is standing with Ray Horan, the 4-H'er that the bank sponsored in the fund raising bike hike.

Three hundred and one 4-H bikers took to the road on May 20th on a fund raising venture for a new 4-H exposition building at the Kenosha County Fairgrounds. The building will be used for 4-H exhibits at fair time and will be used for youth meetings throughout the year.

The bike hike began at 8 a.m. at the Kenosha Technical Institute aviation center and finished 21 miles away at the Wilmot fairgrounds. Each rider had to have a donor. There were mostly young people participating, with a few of the older folks along. Many young people attempted the round trip of 42 miles with 90 successfully completing it.

The fund raising was a success with over \$2,500 being added to the building fund.

Have you hiked up Rock Creek lately?

You can walk along the top, or scramble along by the water's edge, and either way, it's beautiful and a lot of fun.

Rock Creek is part of Kankakee River State Park.

Two-thousand-five-hundred-and-forty acres of green grass, big walnut trees, picnic grounds, riverbanks, and lots of running room for the kids.

More than twenty-three-hundred acres of Kankakee Park were conveyed to the State of Illinois by Commonwealth Edison through various agreements over several years.

And judging by the thousands of people who enjoy the park—Spring, Summer and Fall—the land couldn't have been put to a better use.

Commonwealth Edison
concern for your total environment

MARK T. MCKINNEY

RECEIVES DEGREE FROM WHITEWATER

For the second consecutive year in its 104-year history, the University of Wisconsin-Whitewater will grant baccalaureate degrees to more than one thousand seniors in spring commencement exercises. In addition, about 40 master's degrees will be awarded.

The commencement ceremony will be held Saturday, May 20, at 10 a.m. in Warhawk Stadium, or, in case of inclement weather, in Williams Center. This is the first time in recent years that

commencement has been held other than on Sunday afternoon.

Chancellor William L. Carter will confer the degrees, assisted by Milton E. Nesek, J.D., of the Board of Regents.

Graduates will include: Mark Thomas McKinney, Route 3, Antioch, Illinois - bachelor of business administration degree.

NEW MEMBERS FOR

MOOSE LODGE 525

Antioch Lodge No. 525 held an enrollment of five new members and five re-enrollments Sunday, May 21, 1972 at 2:00 P.M. New members were Gilbert H. Voice sponsored by Elmer C. Voice, Arthur H. Held sponsored by James Beke, Noel T. Birr sponsored by Randy Polson, James R. Hadley sponsored by Robert Hadley, and Donald W. Baker sponsored by Carl Gulbransen. The re-enrollments were Daniel and Dennis Andre sponsored by Bob Bock, Ray Anderson sponsored by John Dupre, Adolph Skurat sponsored by Al Ballenger, Albert Johnatgen sponsored by Lester Sperling. We sincerely hope each one of the members enjoy their membership.

Brother Frank Toman checked into Victory Memorial Hospital, Sunday May 21, for testing regarding a heart ailment. Get well soon.

Next Saturday May 27, 1972 is the 22nd wedding anniversary of Bob and Rose Marie Hadley. May the sunshine of wedded bliss shine upon you for many more years.

Brother Harvey Henry, a member for many years, has consented to be janitor and kitchen chairman. By assuming these two difficult jobs he more than deserves our thanks and support.

Illinois Northeast Legion No. 169 will hold their Legion Ceremonial at the Harvard Moose Lodge on Sunday, May 28 at 3:00 also the election of Legion Officers will be held at this time. Candidates are to check in at 2:30. Ladies are invited.

The next 3rd District Meeting will be held at Waukegan Moose Lodge, June 10, 1972 at 7:30 p.m. Guest speaker will be Joseph Advcei, State - Secretary & Treasurer. Ladies are invited.

The Antioch Legion held their annual dinner May 20, 1972 at the Iron Kettle with 35 people present. After the delicious meal most everyone stayed for dancing and a sing-a-long with the Rogues. During the short meeting Bob Bock was elected President for his second term and Lester Sperling was elected Secretary-Treasurer.

TED RADAKOVIC RECEIVES MASTERS DEGREE

Mr. and Mrs. Dan Radakovic are happy to announce the graduation of their son, Ted Radakovic, who has just received his Masters Degree with Honors from Southwestern University in Memphis, Tennessee.

Ted is a 1961 graduate of Antioch Community High School. He married Mary Sims Radakovic who is also a professor of Art at Southwestern. They have one daughter, Emma, who is 2 years old.

Little League 1972 Officially Opens

The Antioch Little League opened its 1972 baseball season this past Sunday with beautiful weather and a large crowd to see last year's champions Yankees play the Orioles.

In order to start the season out officially, President Bob Caldwell made the usual introductions. Boy Scouts from Troop 91, Channel Lake, conducted the flag ceremony; Norm Thibedeau, manager of the Yankees and Tom Poulos, manager of the Orioles,

introduced their teams.

Mayor Ray Toft was then asked to say a few words, and throw out the first ball, with the call, "PLAY BALL" and another season started.

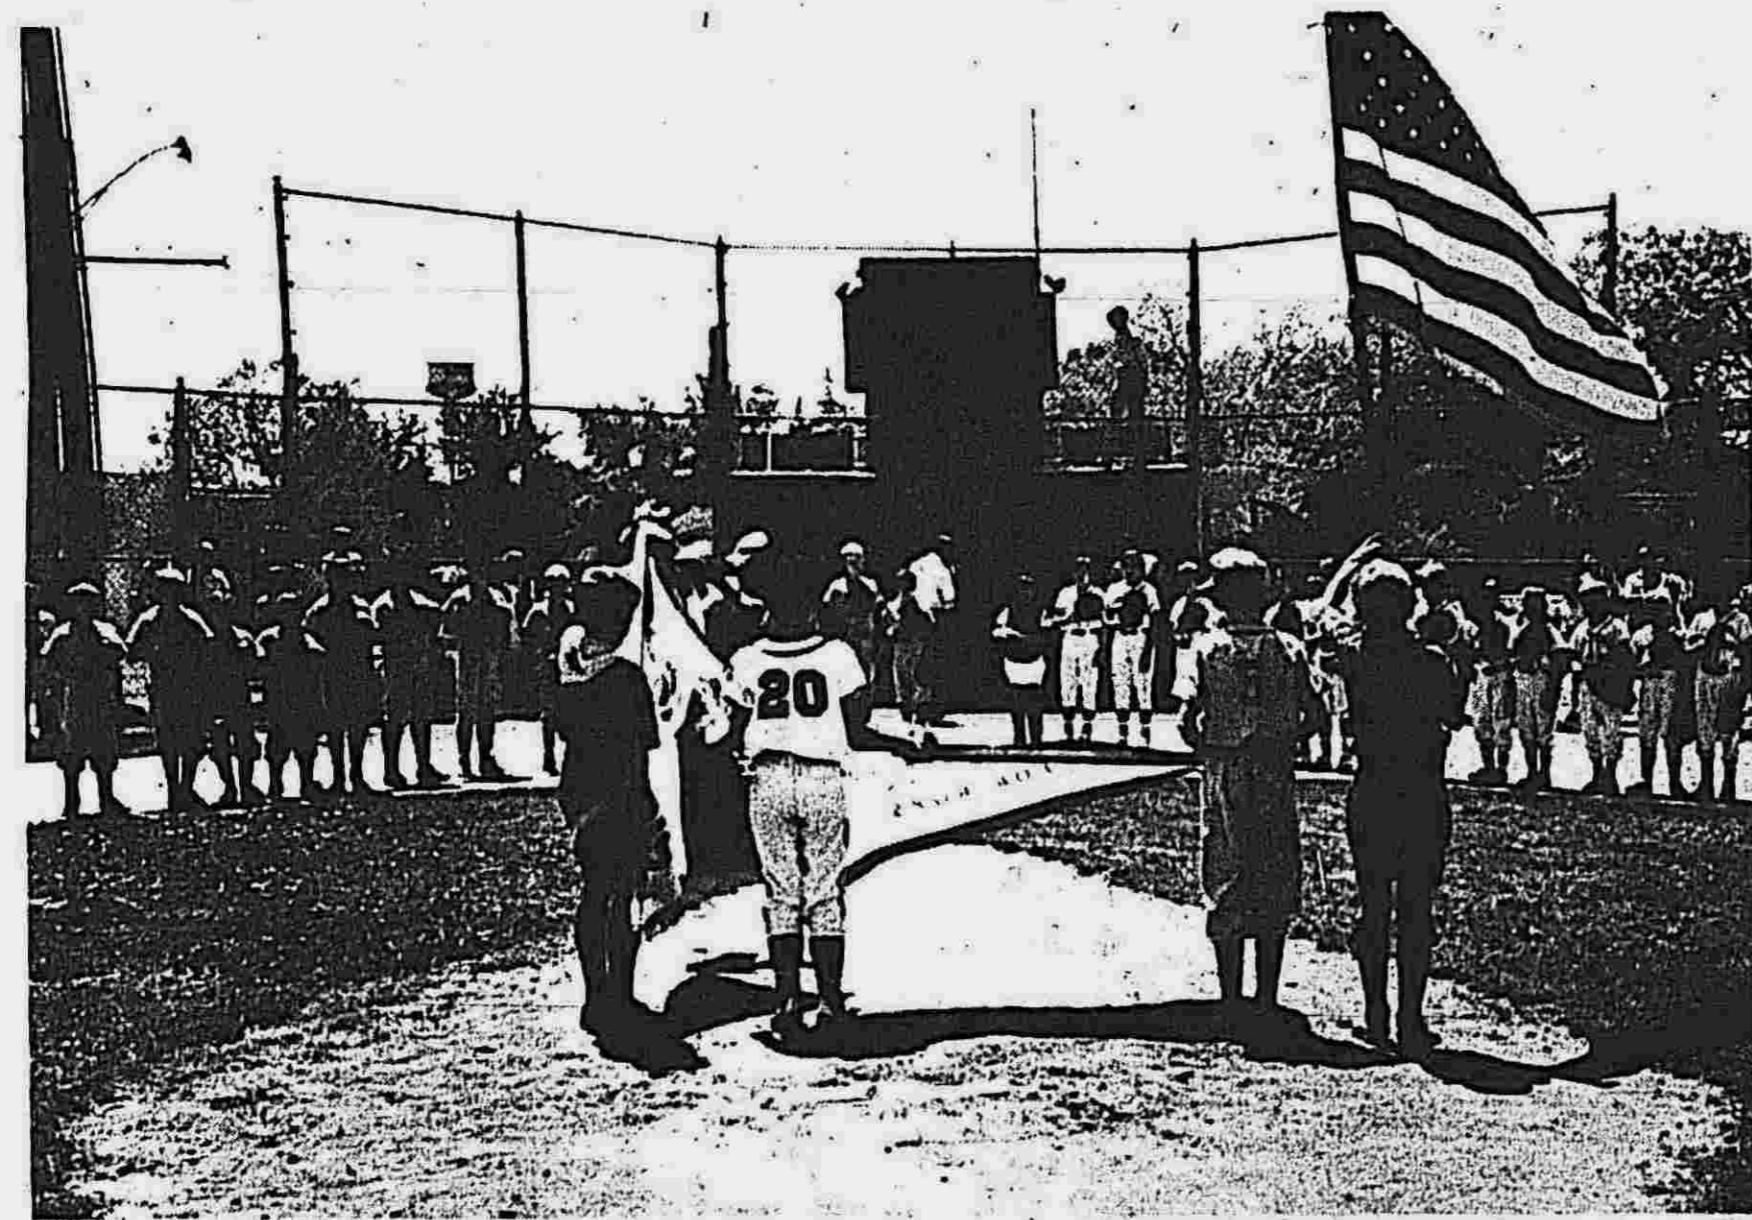

Scores of the double header were Yankees 10 - Orioles 2. Dodgers 10.

The league games will be starting this Tuesday night at 6 p.m., and everyone who loves the game of baseball is welcome to come out and see these boys play. It is quite

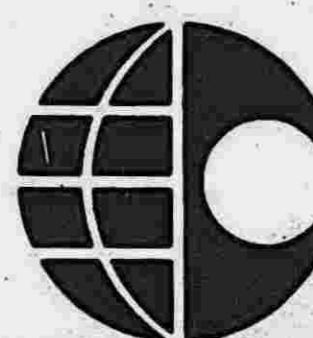

exciting. There is no charge for the games. The League does sponsor a refreshment stand which sells pop, candy, etc., to help meet the expenses of the League.

There are many dedicated parents, managers, and coaches who help to support the League.

The league is looking for a new or used pop corn machine. If anyone knows of one for sale (inexpensive) or we'll gladly receive it as a donation,

BURGESS VIBROCRAFTERS HOLDS ANNUAL MEETING

At the Annual Meeting of Shareholders of Burgess Vibrocrafters, Inc. held May 13, 1972, the following directors were re-elected: George, R. Bell, Jackson Burgess, E. L. Oberlo, K. F. Burgess, Jr., D. Robert Thomas, T. N. McGowen, and H. H. Greene, Jr.

The company officers elected by the directors are: Chairman of the Board - George R. Bell; President - E. L. Oberlo; Vice President & Treasurer - D. C. Marlow; Secretary - H. J. Stephansen; Asst. Treasurer - John J. Justen.

President Oberlo announced that earnings and sales for the first quarter ended April 30, 1972, rose sharply compared to the previous year. Earnings increased to \$.77 per share compared to \$.36 for the first quarter ended April 30, 1971.

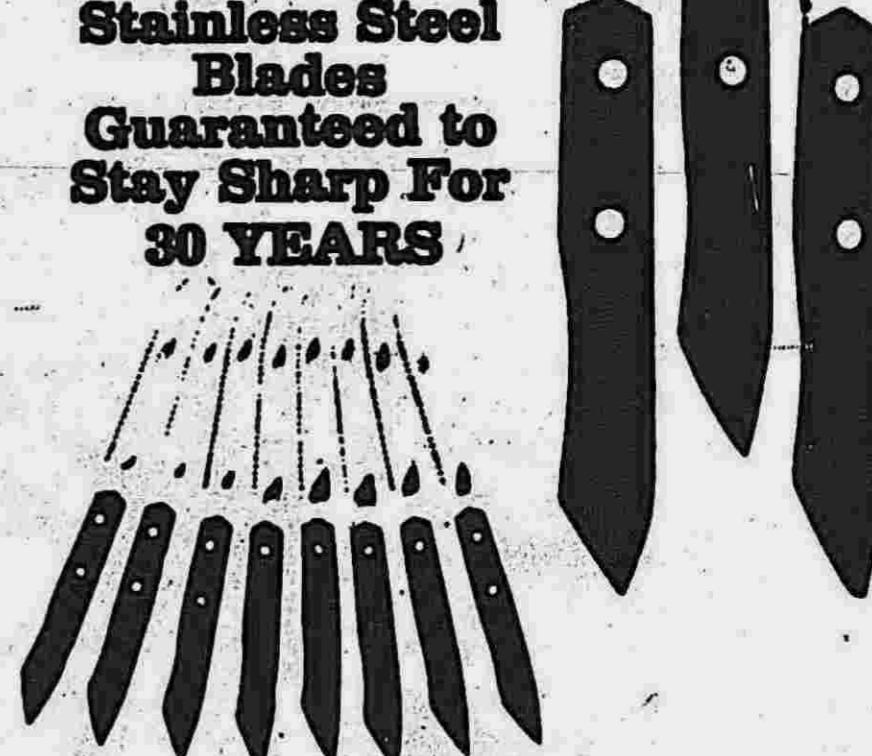

Mr. Oberlo also cautioned that first quarter earnings cannot be projected through the remainder of the year since the first and fourth quarters are traditionally the strongest. Sales increases this year stem largely from new products and additional appliance service center volume.

Auction at Wilmot

An old fashioned antique and general merchandise auction will be held in Wilmot, Wisconsin on Saturday, May 27. Sponsored by the Old Wilmot Village Association, the auction will take place in the field behind Gilead House if the weather is favorable — otherwise the auction will be held indoors in a large building adjacent to Gilead House.

Local merchants will contribute articles to be sold for the benefit of the association — local residents are scouring barns, attics, cellars, even hen houses, for antique articles which will be sold with the sales fee benefitting the association. Rosemarie Brod, owner of the "This n' That Shop," is handling the consignment merchandise and can be contacted at 414-862-6213.

Wilmot is a town that time passed by — preserving a rich heritage of old commercial and residential buildings which have been carefully restored and furnished with rare fixtures and furniture from the time of the community's commercial glory late in the 19th century.

In addition to four gift and antique shops Wilmot boasts a fine old fashioned meat and grocery store, an outstanding florist, a lapidary shop, a ready-to-wear and leather accessory shop, an arts and crafts shop and a cheese, sausage and gourmet foods shop.

There are two well-known restaurants in historic buildings in Wilmot. The Wilmot Stage Stop is housed in the original hotel in town, constructed in 1848. Gilead House occupies an authentically refurbished country mansion built in 1893.

Articles already received for sale in the auction range from antique furniture to modern items, antique pattern glass, hand-painted china, country primitive items, picture frames, crockery plus hundreds of things that almost defy description.

Baked Beans Light Up The Meal

Add a flaming sauce to a common pot of beans and presto — you have an uncommon dish to delight everyone.

Baked Beans Flambe is a new version of an old favorite. The secret ingredient in this recipe which makes the difference is Barton's QT. The new premium light whiskey adds an unusual delicate flavor to the beans.

When you prepare this recipe be sure to make enough to serve seconds.

Baked Beans Flambe

2 lg. (16-oz.) cans baked beans in molasses	1/2 cup brown sugar, firmly packed
6 strips bacon, fried crisp and crumbled	1 tablespoon Worcestershire sauce
1 medium onion, chopped fine	1/2 cup premium American light whiskey

Save the bacon grease and add the chopped onion. Simmer until onion is transparent. Add brown sugar and Worcestershire, stirring until the sugar melts. Add bacon bits. Mix half the brown sugar mixture with the baked beans in a 1 1/2 qt. casserole and heat in 350° F. oven 20 minutes.

Remove from oven and top with remaining mixture. Return to oven, placing under broiler, until the topping bubbles. Remove from oven, pour premium American light whiskey over topping, ignite and serve immediately. Since Baked Beans Flambe glows with a soft blue flame, the dish is ideal for serving by candlelight. Serves four to six.

Helpful Hints

T E C H N I C A L L Y
SPEAKING, butter, cheese, and all of the other "dairy" products can be made from the milk of almost any animal. How about a ham and elephant cheese sandwich for lunch?

TAKE A TIP FROM folks down South who have been enjoying the refreshing mint julep for years, but make yours a Milk Julep, a high-energy mint-flavored ice cream and milk drink. Just blend 4 tablespoons mint jelly with 1/2 cup milk. Gradually blend in

1 1/4 cups additional milk and 1 or 2 drops of green food coloring. To serve, pour one-half cup of the mint milk mixture into a 12-ounce glass, add 3 1/2 ounces of ginger ale and mix well. Top with a scoop of chocolate ice cream and garnish with a sprig of mint.

EVER HAD A STOMACH ACHE and headache at the same time? Usually you have to decide which hurts the most, so that you can take the proper remedy. Relief is on the way! Scientists are in the process of "getting-it-together" with a milk-buffered aspirin, designed to cure both symptoms at the same time.

Dial' Still Short 200 Pre-Schoolers

The DIAL Cruisers will remain in port for one additional week. They will be docked at Avon Center School, Lake Villa and Laura Sprague School, Lincolnshire.

The cruisers cannot sail on to victory until 200 more crew members have been recruited. We will be in both docks May 27 and June 3.

The crew members must be children aged 2 1/2 through 5 not in kindergarten. They must live in either unincorporated areas of smaller towns. These crew members will help validate a new screening technique developed by the State Office of Public Instruction. This project will aid schools in the next few years in helping pre-school children who may

have learning problems. Average children are needed now.

If you are interested in having your child join our crew, send his or her name, address, telephone number and parent's name to the following:

Elaine Neisius
DIAL Project Coordinator
Special Education District of
Lake County
4440 West Grand Avenue
Gurnee, Illinois 60031

Telephone Number 623-0021
Ext. 49

Tell us which date is best for you, May 27 or June 3. We also need to know which school you will come to, Laura Sprague or Avon Center.

Register Handicapped Child For Special Education

The Governor's Office of Human Resources and Co-ordinating Council for Handicapped Children will be sponsoring a mass Registration Drive to register all handicapped children, ages 3 to 21 years, not now receiving publicly funded special education services.

The registration drive will be held from Tuesday, May 30 to Friday, June 2, 1972. The law requires Illinois public schools to provide special education for your handicapped child. If he is between 3 and 21 years of age, he is eligible for special

education, regardless of the severity of his handicap.

You must register him if he is to attend public school. You must also register him if you are to be reimbursed for his attendance at a private facility. You need not bring your child with you to register him during Special Registration Week, but bring his birth certificate, or proof of date of birth.

This drive is funded by the Developmental Disabilities Act. For further information please call 939-3513, 276-2260, or 286-4495.

Summer Car Safety

If you plan on driving a car in Europe, you might need more than your U.S. driver's license. Some countries require you to use an International Driving Permit and, in West Germany, your U.S. license must be translated into the native language.

Don't become a summer statistic. American Oil Company suggests you get the lead out and bring your car in for a checkup to avoid vacation breakdowns. Ask a mechanic to do the following: 1) Adjust brakes. 2) Make sure oil, air and fuel filters are clean. 3) Check cooling system to avoid overheating. 4) Replace worn tires. 5) Don't neglect pollution control valve — if it's not working, you're fouling the air. 6) Switch to lead-free gasoline to help clear the air.

"Call Before You Dig" Campaign

A Chicago contractor severed the cables serving 9,000 Loop telephones last winter, and nearly everybody heard about it. A similar cable cut could knock out telephone service just as drastically here.

And as warm weather approaches with its increased digging activity, there is a greater possibility of accidental damage to underground telephone lines unless contractors know the location of cables before they begin excavation.

To remind contractors to check for cable locations, Illinois Bell has launched its annual "CALL BEFORE YOU DIG" campaign. Although the main emphasis is on builders to call the telephone repair service for cable locating information, homeowners and gardeners might also take heed and call before they do any digging that might endanger telephone cables, Frank O'Connor, local wire chief, said.

Last year, IBT's repair service received 55,000 calls to locate cable. But despite the large number of calls, more than 1,600 cables were cut in the suburban area during the year.

"Obviously, we'd like to see more calling and less cable cutting this year," O'Connor

said. "We'd appreciate about 24 hours notice before digging so that we can check our

records. We might be able to phone back within minutes if we find that we have no cables buried at the site. If we do have buried cable in the area, we'll get to the site and mark the cable path before digging begins. With shorter notice, we try to get out and mark the buried cable," he said, "but we can't always guarantee that we'll be there before you want to dig. There is no charge for locating cable."

Sometimes Illinois Bell finds out about an excavation when a large number of trouble reports point to a single cable. Inspection turns up a large number of twisted wires at the site giving mute evidence that someone dug, but didn't call. When that happens, telephone service may be disrupted for hours, or limited to mobile

units brought into the area. The repair crews must go to work reconnecting cable lines and replacing the protective covers that keep the cable watertight. The responsible party is billed for the cost of repairs.

"The possibility of severing buried cable increases daily," Grenell said, "because we put all new lines below ground whenever possible. This policy weather-proofs telephone service and beautifies the communities we serve. But it also complicates service, when excavators damage a cable."

"At present, 86% of the telephone lines in suburban area are buried, more than 14 million miles of telephone wire that we hope diggers will avoid this year."

JAMES A. CERMAK
of ANTIQUA
Wishes To Announce That He Is Now
An Associate With His Father
CHARLES J. CERMAK REALTOR
389 Lake Street
Antioch, Illinois

On May 8, 1972, James A. Cermak officially became a licensed real estate salesman for his father, Charles J. Cermak, here in Antioch.

Jim was born and raised in Antioch and is a graduate of St. Peters Grade School. He worked for the A. & P. in Antioch for 2½ years. After graduating from Carmel High School in Mundelein, he started to work for United Airlines at O'Hare Airport and Irv's Clothing Store during the day. He has also worked for stores in Lakehurst Shopping Center, and Durkin & Durkin in Fox Lake.

Charles J. Cermak is celebrating his 25 years in the Real Estate business in Antioch, was 2 years president of the Waukegan Lake County Board of Realtors, plus director for 15 years, and Chairman of the Legislative Committee for the Illinois Association of Real Estate Board.

James Cermak will specialize in residential, commercial, industrial and resort properties. (Staff Photo)

REPUBLICANS TO HEAR SEN. ROBERT J. DOLE

U.S. Senator Robert J. Dole of Kansas, chairman of the Republican National Committee, will speak at the fund-raising dinner of the Lake County Republican Federation June 16 at Illinois Beach State Park Lodge in Zion.

GOP National Chairman since 1971, Dole will discuss the Republican plans for election victory in November. Dinner proceeds will be used to finance the Republican campaign in Lake County, said Gordon H. Smith, Federation president. About 600 persons are expected.

Dole is a native of Kansas and a lawyer. He studied at the University of Kansas and at Washburn Municipal University in Topeka, where he received his law degree. After one term in the Kansas House of Representatives, he served four terms as Russell County Attorney, in Kansas, and four terms in the U.S. House of Representatives. He was

elected U.S. Senator in 1968.

In Congress Dole was adviser to the U.S. Delegation to the 1965 United Nations Food and Agriculture Conference in Rome. In 1966 he was a member of the Congressional delegation to study the food crisis in India, and on a Congressional team in 1967 to study the Arab refugee problem in the Middle East.

Dole enlisted in the U.S. Army in 1943 and as platoon leader of the 10th Mountain Division in Italy, was twice

wounded and twice decorated for "heroic achievement." He was discharged as captain after five and one-half years of service.

The "17-year-locust" is really a cicada!

The following is a statement prepared by Business Manager Jack Smith concerning the June 10th high school rate referendum.

Open letter to the Concerned Citizens OF ANTIQUA COMMUNITY HIGH SCHOOL DISTRICT 117

On June 10, 1972, the voters of Antioch Community High School District No. 117 will vote on another referendum to consider raising the education tax rate by 40 cents per \$100.00 of Assessed Valuation. This is the same proposition that was defeated by the voters who turned out on March 25, 1972.

You are probably asking what has changed, why another referendum? The most important change since the defeat of the March 25th referendum is the fact that the Board of Education has been forced to reduce the 72-73 budget by \$150,000.00, after having reduced the 71-72 budget by \$100,000.00. What these large figures represent is the loss of twelve capable teachers, the loss of one-half of the athletic program, the loss of one-half of the music program, the loss of most extra-curricular activities, and more. Let's not kid ourselves into thinking these cuts won't have a serious effect on our young peoples' education. They most certainly will. For example, the reduction of the twelve teachers alone will worsen what was already one of the poorest pupil-teacher ratios of any high school district in Lake County. Think about that!

You should also be asking what will happen if the referendum is defeated again? The Board of Education has made the commitment that if the referendum doesn't pass on June 10th, then the next year will see the elimination of the remainder of the athletic program, the rest of the music program, any remaining extra-curricular activities, and possibly more personnel.

The reductions listed in the second paragraph should convince even the most doubtful of us that the Board has kept its word about what cuts would be made if the March 25th referendum failed. There should be no doubt left as to whether or not they will make the cuts listed in the third paragraph, if on June 10th, disaster again strikes.

The harsh reality of the whole school tax situation is the sad fact that most "no" voters aren't intentionally voting against good education; they're simply voting against higher taxes. But, whatever their motivation, the fact remains that another referendum defeat would diminish the most important legacy we can offer our children: the OPPORTUNITY for a DECENT EDUCATION.

Several methods will be used to help communicate the facts to you, the voter, including: telephone, newsletters, newspapers, and students going door to door. Please! Take the time necessary to get informed. Ask your Board, your high school staff, your children, any questions you feel have been left unanswered. They may not have all the answers at their fingertips, but they'll do their level best to get them for you.

"Little 500" proves challenge to drivers

There was no gaily waving checkered flag and the driving accommodations were airy, but the competition was there just the same as four men pitted their endurance, skill and driving ability in an attempt to capture the prizes in the first Antioch "500".

The site that drew these men was not Indianapolis; Daytona or Darlington, but the Hobby Barn on Rte 83 south of Antioch.

Here, men with the same drives and desires of the big racers clutched at control handles, adjusted contact points and matched their driving skills in the same manner as racers on asphalt or the dirt oval.

The vehicles they raced were 1/24" modified endurance scale model cars. These are not the stock pre-packaged and assembled kits but are totally designed, built and adjusted using the same techniques that have made Ferrari, Offenhausen and

Porsche the kings of international racing.

The owner-drivers of the cars spent countless hours adjusting, modifying and preparing the cars for the race and even exhibit the "pre-race jitters" common to actual racers. The laughter was strained and brows were furrowed, but there was real comradeship and the tension melted away with the start of the race.

In addition, each came prepared for the race armed with an oversized tool chest that contained everything from the spare engines, wheels, axles and gears that make a pit stop a nerve wracking delay as in any major race.

"Competition, it's the same as any sport. This is a great way to get into racing when you can't afford the real thing," said Ken Mattes, one of the four entrants and an 8-year "driver".

In fact the similarities between the scale cars and the

real thing are so close that another driver, Mike Romani quipped "It's all the same, except for the fact you can't get killed here."

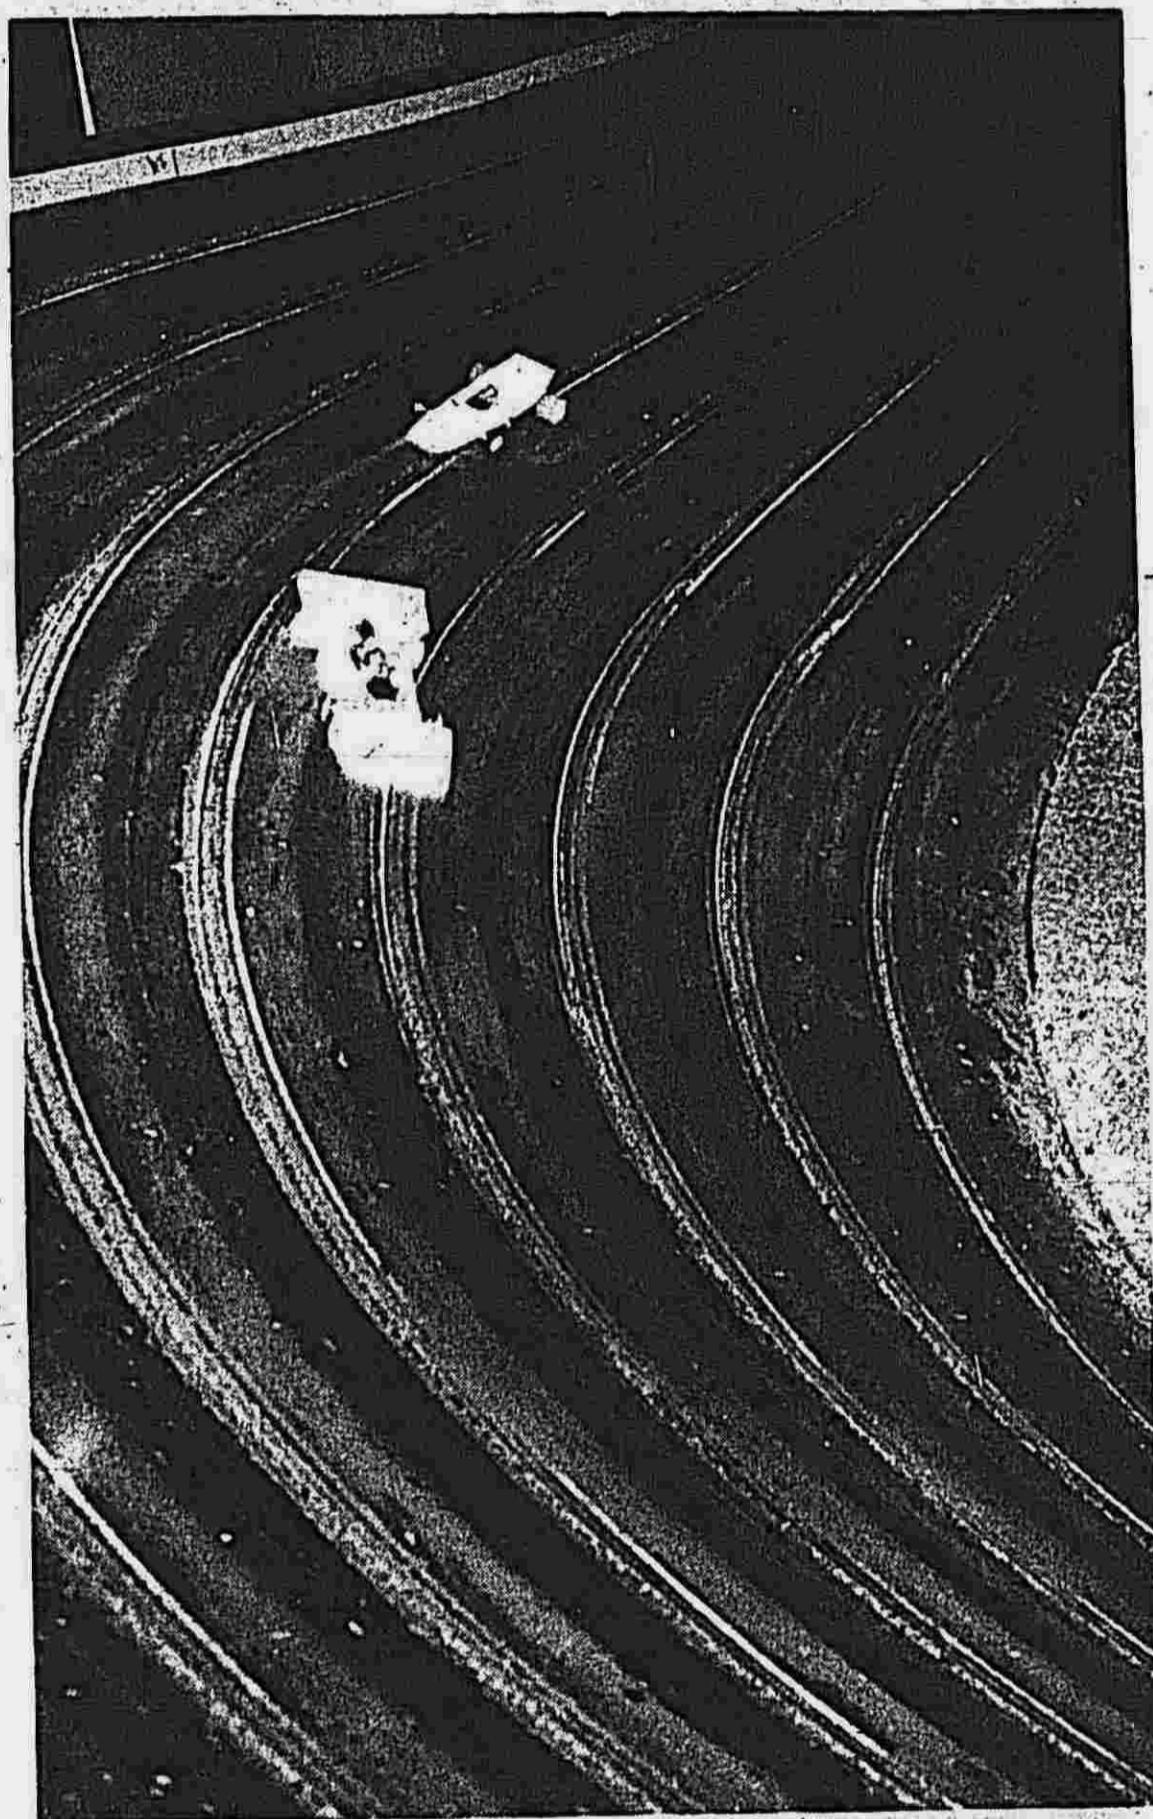

Art Aerne, the owner of the Hobby Barn observed that the model cars were extremely popular. "It's a real challenge," he said. "You pit yourself against the other drivers in the same categories as any of the major races: mechanical ingenuity and driving skill."

This was Aerne's first "500" and he said the response was gratifying. "You experience a slack period in the summer, but this was a very good turnout."

Another driver Ed Jahnke noted that it wasn't uncommon to have 25 to 30 drivers competing in time trials during the winter months. As he said this his young wife, Pat sat with an approving smile.

In the end, the pit skill of Mattes proved the decisive factor. The racers suffered several breakdowns during the 1000 lap endurance test and finishing times were well below normal.

Order of finish was 1st, Mattes; 2nd, Mike Duffern; 3rd Jahnke; 4th Romani and Steinbauer.

Cars dangerously slide the turn in action from "Little 500" held at the Hobby Barn. (Staff Photo)

Eventual winner Ken Mattes and onlooker discuss final preparations prior to start of Sunday's "500" race. (Staff Photo)

Travel SAFETY

When driving long distances, limit yourself to 300 miles per day—tops. Don't try to break your own endurance record or you might break something even more valuable.

If you're a poor plane traveler, get as much sleep during the trip as possible. Drink plenty of water and avoid alcohol, which tends to dry out the body, and you'll arrive in finer fettle.

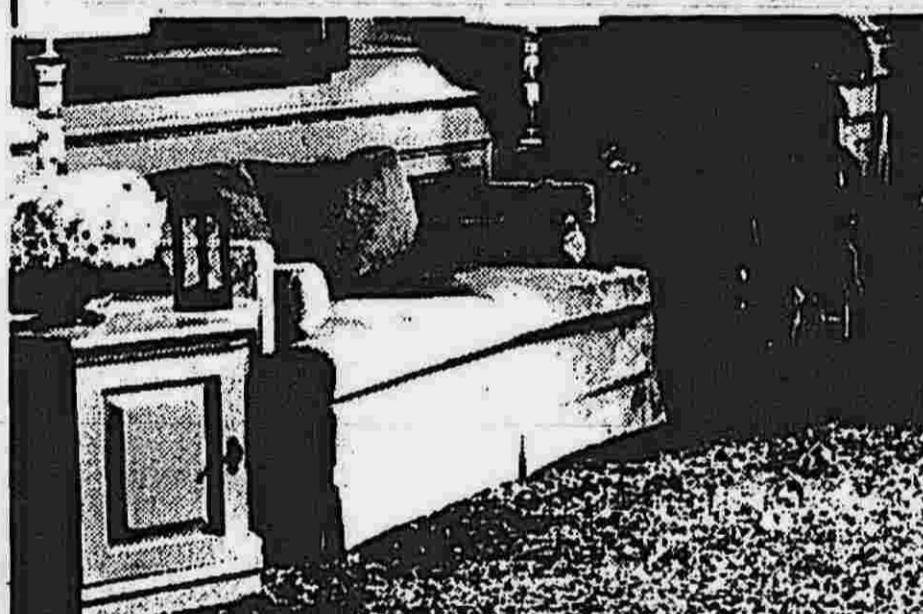

When touring country districts in America or overseas, avoid drinking directly from "sparkling" streams, lakes or rivers. No matter how fresh and sparkling they look, they may be polluted with sewage or agricultural chemicals.

Olympic Finals for Bode

Antioch's Cliff Bode may become a member of the United States Olympic Wrestling team which will represent America in Munich, Germany this summer.

Bode, who was an all conference and all county selection, competed in the Olympic trials held in Chicago last weekend and earned a second place. The performance came on a 4-1 record in the 114½ - 115 and earns him the right to compete in the Olympic finals, to be held the weekend of June 22nd at the University of Minnesota.

The slightly built senior managed four pins over what Coach Ted DeRousse called "very stiff competition." His only loss was at the hands of Dave Brusky, a 38-year-old representative of the Mayor Daley Youth Foundation. The two tangled for nearly nine minutes before Brusky eeked out a 5-3 triumph.

2 more wins for Schuler

MAY 21, 1972

Lee Schuler made it two features in a row Sunday night at the Waukegan Speedway as he streaked away from 18 other cars in the 30 lap feature. Next Saturday and Sunday's late model features will be contested at 50 and 100 laps respectively.

Pete Brewer of Waukegan led for the first five laps of the main before Al Gutche of Pleasant Prairie (Wis.) edged past. Gutche maintained first with his Torino until the 17th go-round before Schuler put his '72 Chevelle in front.

One lap later Tom Jones of Northbrook gained second spot and several times challenged Schuler when lapped cars slowed the progress of the race. Jones took second place followed by Gutche, Brewer, Dennis Johnson of Skokie, Jim Cossman of Waukegan and fastest qualifier Bob Delaney of Keeneyville.

Earlier Johnson won the trophy dash, his first victory here. Heat race wins went to Gutche, Tom Musgrave of Mundelein and Jones.

Rip Tucker of Park City set fast time in the hobby class tonight and then gave George Dukas a real run for his money in the last lap of the feature as the two finished with their bumpers locked.

Actually first spot wasn't the safest place to be in tonight's feature as two of the leaders crashed. In the 4th lap Randy Kruse of Northbrook became the first rollover victim as he bounced between a lapped car and the second place runner, climbing the backstretch wall and flipping over. He was uninjured.

Don Elleass of Ingleside and Sonny Sears of North Chicago hit the wall several laps later battling for the lead. Both dropped out. Chuck Bostick of Waukegan won the first heat, consolation and took third in the feature race.

Pictured is Mr. Richard Ohlgren of Route 4, Antioch, holding three - three to four pound coho he caught May 19th. The coho were caught about two miles off the Waukegan harbor. Mr. Ohlgren was in the Tom Ottersen boat and the fish were caught on spinners. (Staff Photo)

Beware Registration Fraud

The Illinois Department of Conservation is warning recreational boat owners that they should not be misled by a boat registration offer being circulated through the mail by a private organization.

"The mailing offers to provide 'registration' to boat owners for their craft," said Director Henry N. Barkhausen. "However, in Illinois, as in most of the states, boating registration is a state responsibility."

The organization, known as the United States Merchant Marine, is sending out registration forms to

boaters in all states.

"The organization soliciting registrations by mail is not an official agency of either the federal or state governments," said Kenneth Gruenewald, boating administrator. "Boat owners should continue to contact the Department of Conservation for information on the proper methods of registering a recreational boat."

Gruenewald said that the matter has been turned over to the attorney general's office, and that an official investigation will be conducted.

GOLF CONCLUDES

Some character once observed that winning or losing was irrelevant, but that the manner in which you played the game was the most important factor. We, of course have no way of knowing what the intent of this benevolently forgotten creature was at the time of utterance, but the smart money is riding on ironic wit.

Roy Nelson, coach of Antioch's Varsity Golf Squad is well known as a gentleman and when words such as those mentioned previously emit from his person you know he means it.

Nelson sat in his semi-private "office", a corridor that leads to the shower room and observed that his men, all sophomores, had been "walloped pretty good" this year. However, he took pride in pointing to figures that proved each of his young team had shaved strokes off their scores since the early going of

the season.

"Sure we took our lumps" he said. "But this bunch of kids never let up or quit and you knew they had it here," he said as his thumb ran into his chest.

The final results, on the surface, are far from encouraging. However, further down, there are four young men who "took their lumps" in the traps and roughs this year and who may be in a position to inflict them from the fairways and greens in the future.

Thursday, May 18
Antioch 204; Richmond 187.
Jon Lasco, 46; Bob Siperko, 52; Greg Erickson, 53; John Anderson, 53.

Antioch, 204; St. Joseph (Kenosha) 153.
Anderson, 43; Siperko, 44; Lasco, 50; Gary Reckers, 55.

WESTERN OPEN WINNERS

in the Greensboro Open. Through Houston, Archer had won \$104,600 that then ranked him second nationally behind Jack Nicklaus.

Mitchell, the Tournament of Champions winner and its \$33,000 first money on a playoff victory over Nicklaus, had won \$80,959 through the Houston tournament, ranking fifth on the money list. Bruce Crampton, who will defend the Western Open title he won last summer at Olympia Fields, was sixth with a \$78,838 total, while Rosburg had won \$65,383 for eighth place. In ninth position, with a total of \$63,649, was Bob Murphy of Jacksonville, Fla. Rosburg won the Hope Classic at Palm Springs and its \$29,000 first-prize money.

Sportsman Stocks In Geneva May Championship

May 25, 1972

HATO Racing Inc., will present the second in a series of May Championship races this Saturday night, May 27 at the Lake Geneva Raceway. Last week, May 20, the late model May Championship race was won by Bob Dotter of Chicago.

This Saturday it will be the Sportsman stock cars in a 30 lap May Championship event. The distance is twice the regular feature race length and

will be as much a challenge in driving and car durability as speed.

The sportsman stock cars frequently get out of control on the flat turns at the Lake Geneva Raceway and the lead will no doubt change a record number of times.

The late model stocks and the spectator stocks will also be in action as the Three Star Feature Programs continue at Lake Geneva on each Saturday night.

Bozeman Wins Opener

Sat. May 20

IRA stock car rivals Jim Bozeman, Waukegan and Whitey Harris, Lake Villa, turned their racing heat on the old Kenosha County Speedway track in Wilmot Saturday night in one of the hardest racing battles fans and officials could recall. Similar track battles between these two have occurred in previous years but this one topped them all and it happened before a record crowd for an opening night at Wilmot.

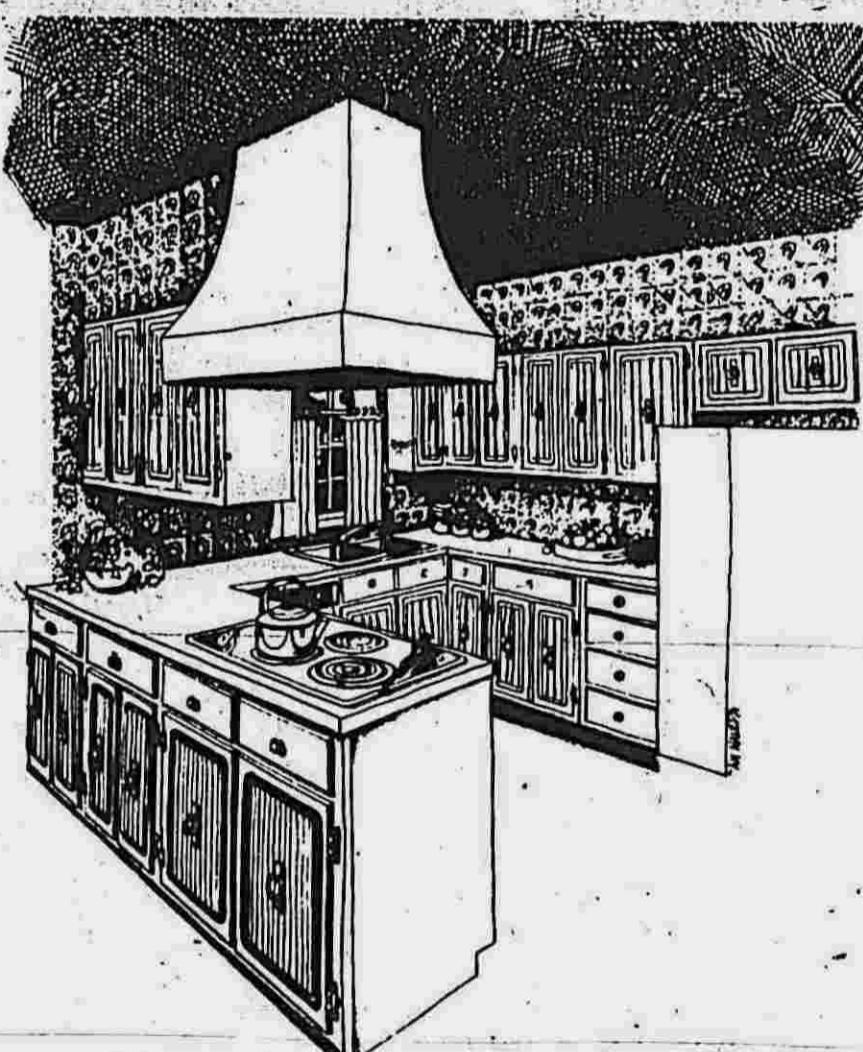

The 16 car 30 lap race was red flagged four times before Jim Bozeman took the lead from Dave Bliss, Algonquin, who had lead his first feature through two previous restarts.

Harris then moved up to second by the 15th lap and final restart and from there to the checkered flag, it was all out racing with the drivers accelerating and surging their cars in the middle of the turns to gain the advantage. Bozeman drove, for the first time, the Tom Pogo Midwest Racing Enterprises modified and perhaps secured himself a season long ride in a top flight car.

Aaron Solsrud Menomonee Falls, finished third after making up a full half lap when the race restarted the second time with Solsrud still in the pits changing a tire from a seven car third turn tangle.

Only eight cars were

SPORTS

Schuler wins 5th career feature

MAY 20th

Lee Schuler of Lockport grabbed the 30 lap feature lead in the 19th circuit Saturday running when the checkered flag fell with Harris too close for comfort alongside of Bozeman. The hard competition was evident as many of the new season car bodies appeared to be cannon shell riddled from bumper bar contact.

Former IRA Champion Roger Otto, Burlington, driving the Bob Walso modified from Menomonee Falls, set fast time with an 18.06 run and then spun while running 4th and recovered to finish 7th. IRA Champion Johnny Reimer, Caladonia escaped two tangles but the third left his car out of the action and he wound up only 12th.

Stan Horton, Antioch, a former IRA scorer and now a rookie driver, recorded the most popular win as he regained the second heat race lead on the final lap when Mike Schiesel, Oak Creek slowed to save a hot engine.

Jim Summerfield, Muskego, became the first driver to get off four wheels when his car ran up on the 4th turn rail and did an easy side lay down bringing out the red flag in the semi-feature. On the restart the win went to Dick Aissen, McHenry in a Buick powered modified.

Sullivan's heat race win came behind a Ford engine in a Milwaukee area owned car and that was the first win for a Ford modified in seven years at Wilmot.

Jim Cmelak, Okauchee, won the Sportsman stock car feature after getting around popular Sid Norton, McHenry. Tom Barker, Caladonia was third. Heat race winners were Bill Christensen and Norton.

Modified driver Eddie Loomis, Waukeasha, with his leg still in a cast from a snowmobile accident, opened up the time trial period with a slow lap in a passenger car driven by a pitman. He will miss the entire season of auto racing. The car he drove in 1971 placed second in the semi-feature and was driven by Ralph Stern, West Bend.

night at the Waukegan Speedway to win his 5th career feature on this paved $\frac{1}{4}$ mile oval.

The largest crowd for a regular night of racing (30 Laps) since April 12, 1969 (first race on asphalt) turned out in perfect racing weather to witness the 13 event program. The Speedway will be in operation three nights over the Memorial Day weekend with modified stock cars on Friday night (May 26), late models in a 50 lap main Saturday night, and the 100 lap Spring Championship for late models on Sunday night. Monday night will be saved for a raindate in case either of the late model programs are rained out.

Schuler, who also was the fastest qualifier, moved steadily through the field to rank 5th at the end of five laps. Pete Brewer of Waukegan held the lead at that point followed by Jim Cossman of Waukegan, Al Hagerty of Libertyville, Al Gutche of Pleasant Prairie (Wis.) and Schuler.

Schuler passed Cossman for second spot in the 13th lap and set out after Brewer catching him two laps later. Brewer, having lost his brakes put up a valiant fight for his first feature win, but fell to second in the 19th lap. His second place finish still was the best of his 10 year stock car racing career.

Cossman overheated and dropped out in the 18th lap joining Carl Major of Chicago and Floyd Burdick of Racine in the center of the infield. With Cossman out, Lou Clavey of Deerfield gained third and held it until Vern Browne of Mundelein sneaked by in the 26th lap. Clavey was fourth and Dennis Johnson of Skokie took fifth. Chuck Chadwick of Lake Zurich, last Saturday's feature winner, dropped out in the 11th lap with a broken "U" joint.

Young Tom Musgrave of Mundelein won the late model

trophy dash over Schuler, while heat races went to Bob Delaney of Kenneyville, Chadwick and Herb Artelt of Wildwood.

Hobby stock car action saw 36 cars swell the pits and a spectacular heat race accident send Wauconda's Abel Avila to St. Therese Hospital (Waukegan) with badly bruised left arm and shoulder ligaments. George Dukas of Zion won the main event after Bob Klemm of Gurnee lost a wheel and the lead in the 7th lap.

In the second heat race 14 cars were slated to start, but one dropped out and with 13 cars left...the trouble started! In the 2nd lap Bill Reupert of Wheeling (driving Avila's Ford from last year) lost a wheel and stalled in a dangerous spot stopping the race.

Avila had just gained the lead in the 3rd lap when his left rear wheel and axle pulled out in the second turn. John Konold of Evanston couldn't avoid the out-stretched wheel and leaped over.

When Konold's car finally came down, his right front wheel and bumper came through Avila's driver's door flattening the steering wheel and causing the injuries to Avila. The 25 year old driver was able to return to the track after the feature races with his arm in a sling.

Possibly the most popular victory of the evening came in the third heat for hobby stocks as Klemm passed Kenyon Graham of Winthrop Harbor in the 4th and last turn for a close win. Ed Smith of Gurnee finished second in the hobby main while Graham took third.

Modified stock car racing will return to the Waukegan asphalt next Friday night in a special program topped by a 30 lap feature. Caledonia's John Reimer, five-time modified champion at Waukegan, will be in action along with Paul Cameron of Round Lake, Junior Dodd and Jim Bozeman of Waukegan.

30 LAP SPORTSMAN
MAY CHAMPIONSHIP
MAY 27
SUN, MAY 28
IRA SUPER MODIFIEDS
2nd Series of Triple Crown

Sat. May 20
 Lake Geneva, Wis - Paul Craddock, Round Lake late model stock car driver, had a good chance at a clean sweep at the Lake Geneva Raceway on Saturday night but finished only third in the May Championship event after setting fast time and winning the Trophy Dash. The Championship win went to Bob Dotter, Chicago, with Burnell Knudsen, Woodstock, taking 2nd and Paul Anderson, Crystal Lake and Bob

Leibnow, Hebron rounded out the top five May Championship order.

Gil Shilts, Delevan and Cal Clark, Milwaukee furnished the close running in the Sportsman stock car feature with Shilts getting his second win of the season. Richard Drews, Lake Geneva, accounted well for his first appearance of the season with a third, and then it was Brent Connelly, Elkhorn and Don Prisk, Whitewater in

another close group at the checker.

Larry Hoff, Hebron won the Spectator Stock car feature in his first racing of the season at Lake Geneva.

Shultz Wins IRA Geneva Opener

May 21, 1972

Car Shultz, Pewaukee won the 30-lap feature race at the Lake Geneva Raceway as the Interstates Racing Association rounded out a week end of opening dates. Shultz took the lead from Dick Aissen, McHenry in a Buick powered modified, on the 22nd lap. Whitey Harris, Lake Villa, took second on the 29th lap, with Aissen holding off Johnny Reimer, Caladonia through the finish.

Ron Marish, Milwaukee, in

fresh from a night before running at the Little 500 in Anderson, Indiana, took the lead from John Olson, Round Lake, coming off the 4th turn for the Checkered flag in the semi and got the win.

Cal Clark scored an impressive win in the feature as well as heat but fast time honors went to IRA Champion Jack Ashenbrenner, Wind Lake, who took second in the feature and the heat won by Clark.

The first special race night of the season for the Kenosha County Speedway in Wilmot has been set for this Saturday night, May 27th. The race will be the first in a three night Triple Crown Super Series that will honor the high point driver at the conclusion of the series at Wilmot on Monday May 29th, with a special Trophy Award.

The first race, set for the Kenosha County Speedway on Saturday will be named, John

Teresi Indy Pace Car

Championship and will be the

longest race of the series. The

John Teresi Chevrolet-Oldsmobile Agency

in Antioch, who furnishes the

Pace Car for the IRA Super

Circuit of modifieds and

sportsman stock cars, will have

on hand one of the 1972 Hurst

Oldsmobiles just like the one

that will Pace the Indianapolis

500 Mile Race and be awarded

to the winner following the

race.

Only 500 of these cars were

made available and with most

of them delivered to

Indianapolis dealers, the John

Teresi Agency was extremely

fortunate in obtaining one for

the special race night at

Wilmot.

To fully display not only this Pace Car and one of the finest super modifieds in IRA, John Teresi will move out most of his regular show room models and have the Pace car and the Stan Horton Super modified in his show room on Friday and Saturday, May 26 and 27.

A special opportunity to ride in this pace car as it leads the 33 lap feature at Wilmot will go to some lucky Illinois and Wisconsin race fan. Details will be announced at Wilmot on Saturday night.

Joe Rush, Antioch News Editor, Mayor Ray Toft and Ray Scarpelli of the John Teresi Agency will all take part in special ceremonies honoring the City of Antioch and its long association with the

Kenosha County Speedway and the Interstates Racing Association.

Following the Saturday night racing at Wilmot, the IRA Supers move to the Lake Geneva Raceway on Sunday night and return to Wilmot on Monday May 29 where the high point driver of the series will be determined and receive the Triple Crown Super Series Trophy.

Attendance 3946 - Purse \$4,016.00.

Some Freshman may participate in Sports

The Antioch High School District 117 Board passed a motion at their May 17th meeting that will allow limited participation of freshmen in interscholastic athletics.

The decision follows a board ruling that dropped a separate freshmen-level program from the 1972-73 school budget.

In part, the decision will allow freshman participation in football, basketball, wrestling and baseball provided sophomore and varsity candidates do not fill school established quotas.

In addition, freshmen will be permitted to compete for

positions on the Cross Country, Track and Golf Squads. In their ruling the board recognized that freshmen "have been consistently able to compete in these sports."

The policy was one of four proposals forwarded by the Athletic Department. The other three would have permitted a progressively smaller amount of participation.

Commenting on the newly adopted policy, Athletic Director Ward Lear, categorized it as a "good move to keep interest up," but added it was only a stop-gap measure.

Marathon runners whose body heat may be a normal 98.6 degrees while standing still can reach a running heat as high as 106.8 degrees! Temperatures much over 109 degrees are usually fatal for anybody.

"You realize some of your greatest interest at the freshmen level," he said. "Many young people that would have quit school or dropped out, remain only because of the sports program."

"Losing the freshman level will undoubtedly hurt our overall athletic program, but I understand that if the referendum fails the board is in earnest saying that all sports will be dropped."

Mandebr to represent Antioch in State Meet

squad. He ran a 4:15.6 in the mile beating the old record he set last year by half a second.

Gary Weiss set a school record and logged his best time ever in the 440, but even the record shattering finish was not enough to qualify as he finished fourth.

Pat Michalak, Bob Bevar and Rick Simon, like Weiss reached the finals but could not finish high enough to make the trip to the central wastelands.

HOW TO COMPLAIN ABOUT YOUR PHONE SERVICE.

CALL ME.

You may think it's silly of me to invite your complaints, but that's what I'm here for.

I'm a Service Representative for Illinois Bell. And taking care of your phone problems is part of my job.

To speed things up, I keep a complete file of your phone service records within easy reach of my desk. But there's still no way for me to know you're having a problem, unless you call.

Just in case yours is a really tough problem, there are a lot of good people behind me to help out.

Like my supervisor and the business office manager who've had years of experience in helping customers with unusual service problems.

And, of course, all the people who install and repair phones.

We're all pitching in to help. The way we figure it, the telephone company is only as good as the service we give you. And that includes taking care of complaints.

If you ever have a complaint about your telephone bill, an installation problem, or a service question . . . call me, your Service Representative. For repairs, call our Repair Service. You'll find our numbers in the front of your telephone directory.

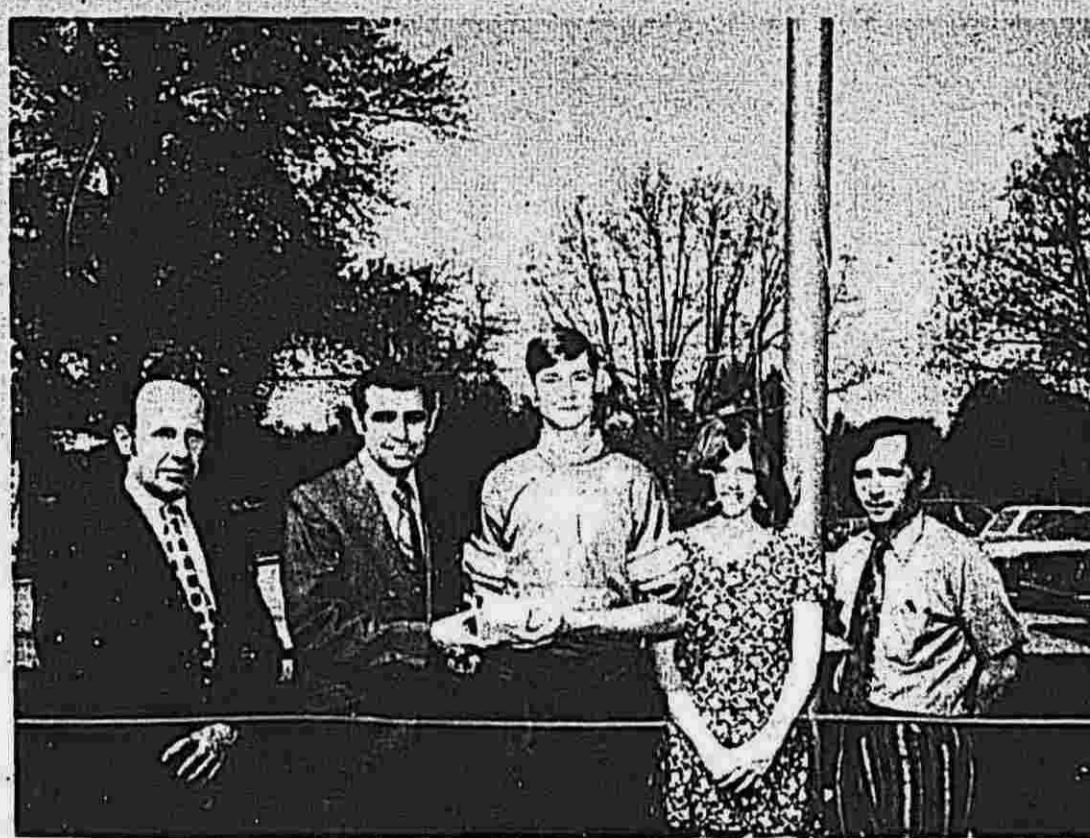

We want to help.

Illinois Bell

WE'RE A LOT MORE THAN JUST TALK.

Pres Reckers, second from the left, of the State Bank of Antioch, presents tickets for the A.C.H.S. Conference Championship Wrestling Team, coaches, and cheerleaders, for an athletic banquet, sponsored by the State Bank, to Bill Severson, wrestling team captain.

Others in the picture are, from left to right, Ward Lear, A.C.H.S. Athletic Director, Jo Parpan, Cheerleader captain, and Ted DeRousse, varsity-wrestling coach.

State Bank to honor ACHS Championship Wrestling Team

Members of the Conference Championship A.C.H.S. Wrestling Team, the coaches and cheerleaders, will be honored Monday, June 5th, at an Athletic Banquet, sponsored by the State Bank of Antioch.

The affair will begin at 7:00 P.M. at Lorenz's Smart Country House. Kenneth Kraft, wrestling coach at

Northwestern University, will be the featured speaker. The players, coaches, and cheerleaders will be the guests of the State Bank.

The public is invited to attend the banquet. The cost of the dinner tickets is \$4.50, and they may be purchased from A.C.H.S. Athletic Director, Ward Lear, or at the State Bank, by June 2nd.
